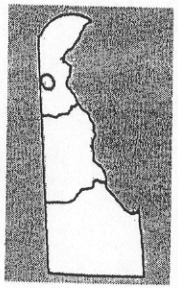
Section 10: Schedule

CHOPTANK ROAD, SR 15 FROM N455 TO N285

PROJECT SCOPE/DESCRIPTION: The project will widen the current 18' travelway to 24' with additional 2' to 5' bicycle/pedestrian shoulders; patching and wedging 3" hot-mix overlay; realigning the approach (BR377); and realigning the intersection of N435 and N437 to create clear sight distances. It will be necessary to relocate utilities and purchase rights of way for the new sections and realignments. The replacement of BR377 – a one-lane bridge on Choptank Road - will be advertised as a separate project.



PROJECT JUSTIFICATION: To provide additional modes of transportation in the US301 corridor.
