

DelDOT - Development Coordination EMAIL-BLAST

Subject:

Roundabout Guidelines

Effective Date:

Immediately

Notice

In our continued efforts to increase consistency and timeliness of reviews, the Development Coordination Section had created Guidelines for the design and submission of Roundabouts.

This document will not only help in the design of Roundabouts, but it will also lay out the required documents needed to be submitted for review. Having all the proper documents up front will reduce the need for requests later in the review process.

The new [Roundabout Guidelines](#) are now available on the Development Coordination website, under the Guidance tab.

As always, if you have any questions, please feel free to contact us at 302.760.2266.
