DelDOT – Development Coordination

Design Criteria Form

Project Data			
Project Name:			
Engineer of Record:			
Parcel Number:			
Frontage Road:		Functional Classification:	
Limits of Applicability:			

Design Factor	As per Standards or Regulations	Provided
1. Width of Through Lanes		
2. Width of Right Turn Lane		
3. Width of Left Turn Lane		
4. Width of Outside Shoulder		
5. Width of Inside Shoulder		
6. Cross Slope		
7. Width of Median		
8. Stopping Sight Distance		
9. Minimum Horizontal Curve Radius		
10. Run off length		
11. Run out length		
12. Minimum K (Crest)		
13. Minimum K (Sag)		
14. Maximum % Grade		
15. Minimum % Grade		
16. Maximum front slope (Unprotected Section)		
17. Maximum back slope		
18. Barrier Offset		
19. Superelevation Rate (%)		
20. Vertical Clearance		
21. Lateral Offset		
22. Width of clear zone

Design Engineer of Record Signature:_____ Date: _____

For Internal Use
_____

    A Design Deviation Form is **NOT** required

    A Design Deviation Form **IS** required for each of the following numbers for further review and approval.
Without an Approved Design Deviation Form for each of the numbers listed below, Entrance Plan Approval cannot be given.

Design Deviation Required for:_____

Accepted By Review Coordinator: _____ Date: _____
