Please take a moment to provide your input for the following questions regarding the RTT/ RWT Master Plan:

1. Are there any other railroad corridors, which you did not see tonight, and would like the Department of Transportation to consider for evaluation?
2. Please list special design considerations that you would like to see implemented on any of the study corridors? Please be specific as to the rail corridor, location along the corridor, and type of RTT/ RWT improvement/ design element.
3. The Department of Transportation identified the Georgetown-Lewes Running Track rail corridor as the top priority, of all the rail corridors to be studied, and advanced it into a separate planning study. Please consider the remaining corridors that you saw tonight, including any other corridors that you feel should be added, and provide us with your own prioritized list of the corridors. (Importance being from first to last):

Please provide additional comments on the Delaware RTT/ RWT Facilities Master Plan in the space provided below
