### McIlvane Property

**Dwelling.** No. 128 Mulberrie Pointe Road is a one-story, rectangular, side-gable ranch house built ca. 1945. It sits in the center of a large, grassy lot on the south side of the road. The house has a concrete block foundation and an asphalt shingle roof. The exterior is clad in vinyl siding with an aluminum cornice, and most of the windows are bracketed by fixed aluminum shutters. The unadorned four-bay façade (northern elevation) features two windows—a paired six-over-six sash and a tripartite picture window with a large fixed light flanked by sash window—and two doors—a pedestrian entrance and a single-car overhead garage door. On the rear elevation is a shed-roofed extension with a large screened-in porch on a poured concrete pad at the east end. This is a modest, well-maintained example of an extremely common dwelling type.

**Garage.** To the southwest of the house is a large, single-story, two-car, wood-frame, clapboard garage on a poured concrete pad with an asphalt shingle roof. It has a double-width, fiberglass overhead door on the façade (northern elevation) and a pedestrian entrance is located at the north end of the eastern elevation. Also on the eastern elevation is one double-hung sash window, while on the western elevation are two such windows. The rear of the structure is blind.

**Tool shed.** At the rear of the lot sits a gambrel-front, wood-frame prefabricated tool shed. The shed has no foundation. It has an asphalt shingle roof and is sheathed in vertical wood planks with hinged double wood-plank doors on the façade. All other elevations are blind.

**Historical Background.** The property located at 128 Mulberrie Point Road, in Little Heaven, was constructed ca. 1945. On September 22, 1954, Myra H. McIlvane conveyed the property containing 40.0 acres along with "...all buildings and improvements", located near a colored schoolhouse, to Edward S. and Dean Hodgson (KCDB P20: 193). On March 18, 1955, Edward S. Hodgson sold the property containing .5 acres of his 40.0-acre plot to Aldridge G. Hill, a widower, for \$650 (KCDB W20: 95). On May 21, 1963, Aldridge G. Hill sold the property containing .5 acres to William P. Mannering and his wife Margaret E. Mannering, for \$9,500 (KCDB G23: 369). On May 1, 1967, William P. and Margaret E. Mannering sold the property containing .5 acres to Ronald A. Metrano, and his wife Patricia M. Metrano, for \$12,000 (KCDB S24: 300). On August 16, 1968, Ronald A. and Patricia M. Metrano sold the property containing .5 acres to Charles M. Carroll, and his wife Myrtietta Carroll, for \$12,500 (KCDB I25:24). On October 20, 1997, Charles M. Carroll conveyed the property containing 21,802.0 square feet to Myrtietta Carroll (KCDB D239: 123).

**Evaluation.** The McIlvane Property at 128 Mulberrie Pointe Road is recommended not eligible for listing in the National Register of Historic Places because it does not meet the eligibility criteria established by the National Park Service (NPS 1997). The resource is an example of a very modest, common mid-twentieth-century dwelling type within the SR 1 Interchange study area.

Property-specific research and documentary research of the area in general did not reveal any associations between this property and significant events or trends. The property is recommended not eligible for listing in the National Register under Criterion A for this reason.

Likewise, research did not reveal any associations with significant individuals; therefore, the property is recommended not eligible for listing under Criterion B. The 128 Mulberrie Pointe Road property does not display the distinctive characteristics of a type, style, or method of construction, nor does it represent the work of a master or possess high artistic value; therefore, it is recommended not eligible under Criterion C. Archaeological investigations have not yet been conducted on this property; therefore, the resource's eligibility under Criterion D (potential to yield information important to history or prehistory) cannot be assessed at this time.
