The Cultural Resource Group of Louis Berger & Associates, Inc. (LBA), wishes to express thanks to the many people who provided guidance, advice, and assistance at various stages of the project. Numerous New Castle County residents facilitated the fieldwork by graciously allowing access to their property and providing information on the history of their properties and the area.

Important assistance was also provided by Charles Fithian of the Delaware State Museum and the staffs of the Delaware Bureau of Archives and Records at the Hall of Records in Dover, the Odessa Public Library, and the Library of Congress in Washington, D.C.
