Ladies & Gentleman:

DelDOT has upgraded its Expedite electronic bidding system from version 5.2b to version 5.9a. This new program is Windows compatible. All DelDOT projects advertised after April 15, 2012 will require this 5.9a version.

This version is more “user friendly” than the earlier versions.

The installation process is as follows:

Install the program by running setup.exe file from the Expedite disk or the web site. Once you have installed Expedite 5.9a, you need to enter your company information. You can enter this information by clicking on “Tools” on the taskbar, then click on “Options.”

The fields you need to modify under the Bidder Information tab are;

Name: Use your firm name that is registered with DelDOT.

Address Line1: Address Line1 is your street address.

Address Line 2: Address Line 2 is your P.O. Box, if applicable.

Enter City, State, Zip, Phone, Fax, E-mail Address,

Agency/ID tab: Your DelDOT Bidder ID is your firm's Federal Employer ID Number without DASHES OR SPACES.

There is no Bid Manager's Guide as before. Help is available on the taskbar at the top of the screen. If you have trouble with the installation process, feel free to call me at (302) 760-2031 or e-mail me at [scott.gottfried@.state.de.us](mailto:scott.gottfried@.state.de.us).

Very truly yours,  
Scott S. Gottfried
