

Bike Prologue

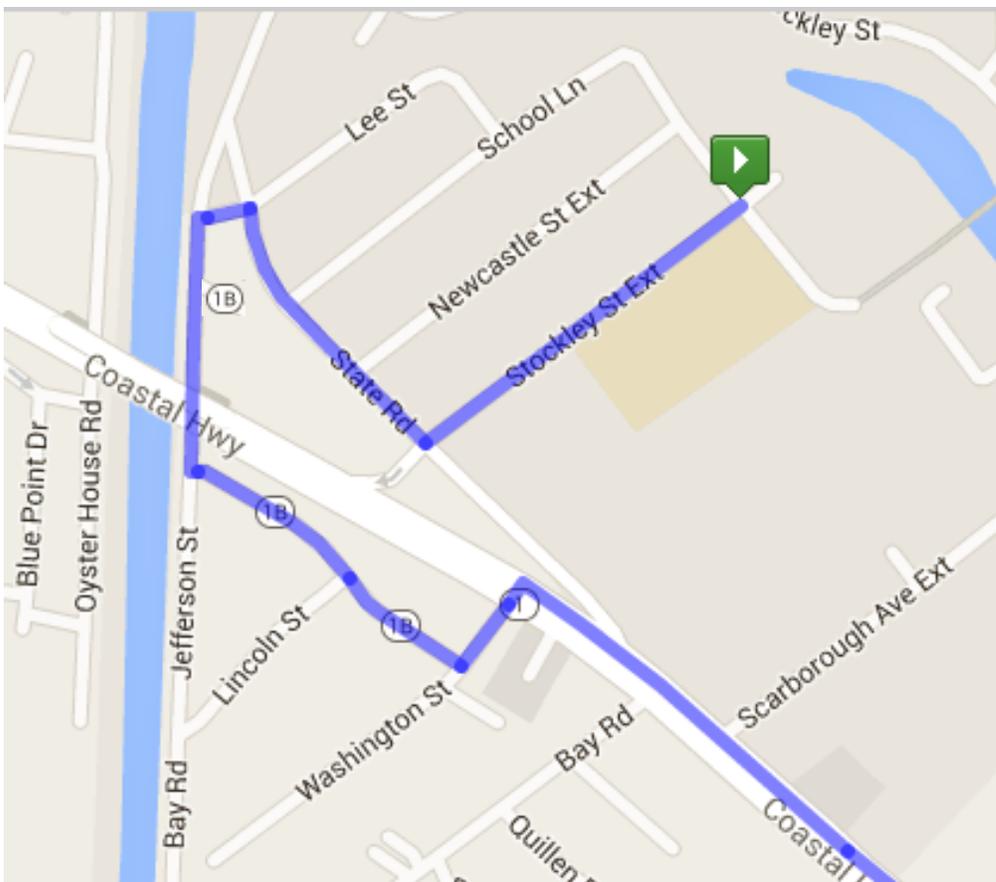

to the Delaware Law Enforcement Torch Run
benefiting Special Olympics Delaware

Course Description

Departing from Rehoboth Elementary, we will turn onto Stockley Street and then make a right-hand turn onto State Road. We will then make a left-hand turn onto Lee St. and another left onto Rt. 1B. Continue on 1B and then make a left onto SR 1 off of Washington Street. Bikes will head South on SR 1 escorted by patrol cars and police motorcycles through Dewey Beach and over the Indian River Inlet Bridge. Once over the bridge, bikes will make an immediate right and proceed under the bridge and loop back, eventually turning north-bound over the bridge again. Bikes will go back through Dewey Beach, returning to Rehoboth Elementary on Stockley St.

This ride is not timed and covers a total distance of approximately 17 miles. Cyclists who wish to participate should be able to maintain a speed of at least 10 mph for the duration of the course. Following the ride, participants who are interested in attending the Delaware Law Enforcement Torch Run Opening Ceremony will muster at Rehoboth Elementary before a police-escorted departure to the Rehoboth Beach Bandstand (approx. 1.3 miles from the school).
