About the Trails ...

Prickly Pear Trail: Designated for hiking, biking, and horseback riding

The Prickly Pear Trail offers a 3 mile loop perfect for exploring the park, and a 0.3 mile trail that leads to a beautiful view of the Indian River Bay. The unpaved trails are open to hiking, biking, and horseback riding, though horseback riding is not permitted during certain times of the year, so please consult the Park Office for Rules and Regulations. The trails are accessible from the parking area at the end of Hickman Road.
