**RE: Delaware Coastal Management Federal Consistency Certification
Request for Modification
I-95 Turnpike Mainline/I-95/SR 1 Interchange (FC 05.101)**

Dear Mr. Reel:

The Delaware Coastal Management Program (DCMP) previously granted a consistency determination for the above referenced project on December 12, 2005. Since that time, the project has been modified to include an additional 2.1 miles of highway construction. However, as no additional wetland impacts are anticipated, this office finds no reason to change our previous consistency determination.

This concurrence remains conditioned upon the issuance of a 401 Water Quality Certification from the Division of Water Resources and adherence to the restrictions and/or conditions placed on any and all permits issued to you for this project.

If you have any questions, please contact me or Tricia Arndt of my staff at (302) 739-9283.

Sincerely,

Sarah W. Cooksey, Administrator
Delaware Coastal Management Program
