DelDOT Parcels Conveyed to the General Public in 2007
Report per House Bill #444

This report depicts the DelDOT excess parcels that have been cleared for disposition and were conveyed for this category. These parcels had independent utility due to their size, shape, topography or hydrology and/or access. These Parcels were offered for sale to the general public at a public auction where the Department has the authority to accept a bid equal to or greater than eighty-five percent of the approved appraised value, or were purchased by a Tenant or Previous Owner having the right to purchase in accordance with existing state law

DelDOT Parcels Having Minimal Independent Utility Conveyed to Adjoining Owners Report per 17 Del. C. Sec. 137 (b)(11)

This report depicts the DelDOT excess parcels that have been cleared for disposition and were conveyed for this category. These parcels were determined to have minimum independent utility due to irregular size, shape, poor topography or hydrology, lack of access or valued under $3000. In the event that the parcel is deemed to be without independent utility, the Department may without having to perform an appraisal, sell or otherwise convey such property to an adjoining property owner at a price to be negotiated by the parties.
