

Real-time Traveler Information

Available at www.deldot.gov

Delaware Department of Transportation

What's Available

Real-time traffic information is accessible from DelDOT's home page, as well as two separate pages with detailed information.

You can get:

- Live video from over a hundred locations
- Delay at-a-glance (red, yellow, green)
- Travel times for the heaviest-traveled roadways
- A variety of information about DelDOT's transportation network
- **DelDOT Apps for Android and iPhone**

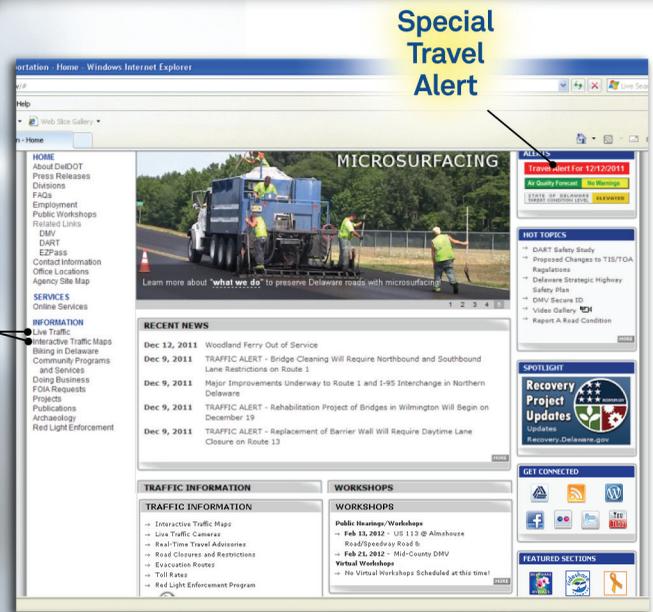

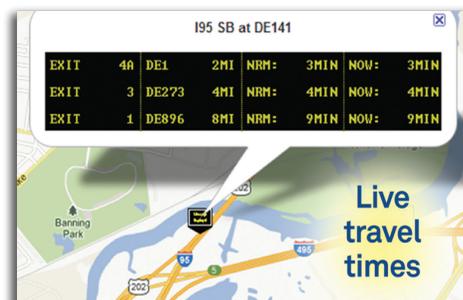

Use the "Interactive Traffic" page <http://map.deldot.gov> for a map interface to information. Select the layers you want to see.

At the "Live Traffic" page http://www.deldot.gov/information/travel_advisory

you'll see more text. Just click on the words describing the information you want.

On your web-enabled phone, use <http://www.deldot.gov/mobile> for the best viewing.

How To Get the Most

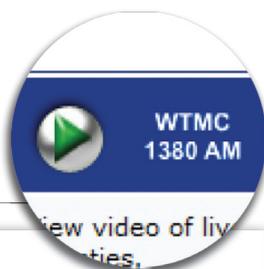

Follow us on **Twitter** by pressing the Twitter button on DeIDOT's website, or look for us on Twitter: <http://twitter.com/DelawareDOT>

Subscribe to DeIDOT's **RSS Feed** <http://deldot.gov/information/syndication>, to stay on top of frequently updated website content.

“Like” us on **Facebook** by pressing the Facebook button on DeIDOT's website, or go to <http://www.facebook.com/DelawareDOT>.

DeIDOT's Traveler Advisory radio station, **WTMC 1380 AM**, is available through the website. Just hit the “play” button to hear the streaming radio.

Special Travel Alerts are used to call attention to critical **Advisories** around-the-clock.

Please contact DeIDOT's TMC 24/7 to report any issues with Delaware's transportation system:

- Dial #77 from any cell phone;
- (302) 659-4600 or (800) 324-8379; or
- Email: DelDOTTMC@state.de.us

Other Road Closures and Restrictions are listed as well. Road and bridge projects may significantly impact travel and last several months. If there are cancellations or changes to construction, they will be posted during normal business hours.

Note: for emergencies, contact 911
