

Attention
DelDOT Business Partners!

The Delaware Department of Transportation (DelDOT) will host the 2019 Disadvantaged Business Enterprise (DBE) and Small Business Development Summit on Thursday, January 24, 2019 at The Waterfall Banquet & Conference Center in Claymont, DE.

DelDOT Cabinet Secretary, Jennifer Cohan, is scheduled to offer opening remarks at the event. Other speakers will include members of the business community, local and state government officials, and the Federal Highway Administration (FHWA). The event will provide DBE program updates, technical assistance, and networking opportunities for prime contractors, consultants, and subcontractors.

As a NEW feature of the Summit, a “Speed Networking” session will be offered. This will provide DBE's and Small Businesses the opportunity to have a "face to face" meeting with prime contractors and consultants for a three (3) minute time frame. During this interaction, DBE's will explain what their organization does and how partnering with their business can benefit prime contractors and consultants.

There is no cost to attend, but space is limited. Anyone interested in attending this event should register at the following link:
