How to identify the existing and or proposed entrance: ALL PROPERTIES SHALL BE STAKED.
 Place two wooden stakes at the entrance. The stakes shall be visible 24 inches to 36 inches above the ground. The stakes shall be placed 24 feet apart, and as close to the roadside property line as possible, while being clearly visible from the road. The stakes shall not be set closer than five feet from the edge of pavement. If stakes are not placed, a permit will not be issued.

- A. Tie ribbons or apply yellow paint to the top of stakes to make them clearly visible.
- B. Write the property owner’s last name on each stake.
- C. No driveway/entrance shall be located within five feet of a neighboring property line.
- D. The stakes shall not be set closer than five (5) feet from the edge of pavement.
- E. Write the last name of property owner on each stake.

If stakes are not placed, a permit will not be issued.
