Industrial Park Streets Construction Process:

- Applicant submits the following:
  - Copy of the recorded record plan
  - Approved construction drawings
  - For phased subdivisions, signed and sealed title sheet listing streets to be constructed in the phase
  - Proof of ownership from local land use agency
  - Security
  - Completed construction agreement, if necessary
  - Approval letter from DNREC or the DNREC approved delegated agency
  - Executed construction agreement for projects requiring third party inspection
  - Construction schedule
  - Copy of material sources

- After review and approval of the documentation and security, the Public Works Engineer may issue a Notice to Proceed, allowing the developer to proceed with construction on bonded streets.
  - Note: The Public Works Engineer may request a preconstruction meeting prior to issuance of a permit.

- After construction is complete, applicant submits the following:
  - As-built construction plans
  - Completion letter from the local land use agency
  - Letter from DNREC or DNREC-approved agency stating that all work required by the agency is complete (if applicable)
  - Release from liabilities
  - Certification letter from the consultant inspection

- DelDOT performs Semi-Final and First Final inspections before three year waiting period begins

- Once DelDOT is satisfied with the construction, the inspector shall recommend final acceptance and release of the security by the Public Works Engineer.

- Following completion of the required waiting period, DelDOT performs final inspection and may recommend acceptance of the streets.

WHEREAS, the Engineer shall provide construction inspection to ensure that street construction is in
certainty with the approved Plans, Specifications and this Construction Agreement. WHEREAS,
DelDOT will assume the maintenance of the streets listed in this Agreement following the construction
and the three-year waiting period as approved by the Delaware Department of Transportation. NOW
THEREFORE, the parties hereby agree as follows:

1. The Developer agrees that all construction shall be in accordance with the approved construction
plans, the Delaware Department of Transportation Standard Specifications and Supplemental
Specifications (Standard Specifications) currently in force on the date of this Agreement, Special
Provisions for non-standard construction items and DelDOT’s Development Coordination Manual.

2. Prior to the start of construction, the Developer shall submit and obtain approval from DelDOT of the
following items:
   - Copy of the contract between the Developer and Contractor. The Contractor must be licensed,
or have initiated the license application as required by Section 2505, Chapter 25, Title 30 of the
   Delaware Code.
   - Cost estimate for each construction item
   - Security Agreement in the amount of 10% of the estimated construction cost as approved by
   DelDOT.

3. Prior to the start of construction, the Developer shall attend a preconstruction conference with
DelDOT. No work within the dedicated right-of-way shall begin until a Notice to Proceed has been
issued by DelDOT.

4. The Engineer acting on behalf of DelDOT will provide sufficient inspection to ensure that the
construction is in accordance with the approved plans, specifications and subdivision regulations. The
Developer shall provide the Engineer with access to all parts of the work and furnish such
information and assistance as is required by the Engineer to make a complete and detailed inspection
as described in the Standard Specifications.

5. During street and road construction the Developer agrees to control traffic in accordance with the
most recent version of the Delaware Manual on Uniform Traffic Control Devices (Delaware
MUTCD).

6. Installation of utilities shall be in accordance with the most recent version of the DelDOT Utility
Design Manual. All utilities with exception of service laterals shall be located behind the curb. When
curbs do not exist, all utilities with the exception of service laterals shall be located outside the travel
lane. The Developer agrees to coordinate the construction with the utility companies in accordance
with the requirements of DelDOT.

7. Regulatory signs and street signs shall be furnished and installed in accordance with DelDOT
Development Coordination Manual and the Delaware MUTCD. Sight triangles shall be cleared in
accordance with Development Coordination Manual.
8. DelDOT may require revisions to the construction plans as required by field conditions.

9. The Developer may request revisions to the approved construction plans by making a written request to the District Engineer. Such request shall be approved by DelDOT prior to the start of construction of the proposed revision.

10. Interior streets and the contiguous highway system shall be kept clear of mud and debris as a result of construction activities at all times.

11. The Developer shall request the Engineer and DelDOT personnel to make the first final inspection when the construction is complete. The Developer agrees to complete all work to the satisfaction of the Engineer including those items listed in the first final inspection report within the time specified.

12. The Developer shall furnish the Engineer at the first final inspection a print of the approved construction plan annotated in red to show all revisions necessitated by field conditions and a copy of a letter from the County Department of Public Works stating that all construction as required by the County is complete. DelDOT shall also receive a copy.

13. Upon completion of all aspects of the construction to the satisfaction of the Engineer, the Engineer shall provide a written certification to DelDOT that the construction has been completed in accordance with the approved plans and specifications. The certification shall be accompanied by an as-built plan prepared in accordance with the requirements of Development Coordination Manual.

14. After a period of three years from the date that the Engineer has provided the Department with written certification that construction has been completed in accordance with the approved plans and specifications, a second final inspection shall be held by the Engineer and DelDOT personnel to determine eligibility of acceptance of streets into the Department's maintenance system. During the three year waiting period the ten percent (10%) security will remain in effect.

15. The Developer shall save harmless DelDOT from all unpaid bills, debts or obligations of whatever nature owed by the Developer to any person, firm, corporation, subcontractor, supplied or the like arising from the construction.

16. This Agreement shall become void if the Developer fails to obtain a Notice to Proceed within two years of the date of plan approval for street construction.

17. Failure to complete the street construction in accordance with this Agreement may result in forfeiture of the security furnished to DelDOT for liquidated damages and such other action as may be permitted by the Delaware Code.

18. The Developer, its heirs or assigns shall be responsible for maintenance of the streets including snow removal, listed in this Agreement during construction and for a period of three years after completion of the construction.

19. Developer shall at no cost to DelDOT reimburse the Engineer for all costs of inspection services required by this Agreement.

IN WITNESS WHEREOF, the parties hereunto have caused this Agreement to be executed in quadruplicate, the day and year first above written.
