Date of Request: _____

Site Engineer & Organization: _____

Contractor (if known): _____

PDCA ID: _____

Project Name: _____

Project location: _____

Project description:

Construction Phasing (*check one of the following*)

☐ Roadway improvements are phased (provide description of phasing)

☐ Road closure is continuous

Anticipated start of construction: _____

Anticipated start of detour: _____

Construction Plan Set (*check one of the following*)

☐ A copy of the current construction plan set is included in this submission

☐ The current construction plan set is available in PDCA in the submission titled:

Justification as to the need for the detour and a detailed scope of work to occur under detour:

Requested duration and assumptions used (i.e. number of working days and hours/day):

Please note that road closures are not for the convenience of the Contractor, but to reduce the overall impact on the traveling public in terms of safety and operational impacts. To reduce the impact to the traveling public, Traffic Safety expects the Contractor to work longer hours and more than 5 days per week during road closures.
