

Pedestrian Issues

Linda Osiecki, M.E., P.E.

Excellence in Transportation **Every Trip.**

We strive to make every trip taken in Delaware safe, reliable and convenient for people and commerce.

Every Mode.

We provide safe choices for travelers in Delaware to access roads, rails, buses, airways, waterways, bike trails and walking paths.

Every Dollar.

We seek the best value for every dollar spent for the benefit of all.

Everyone.

We engage our customers and employees with respect and courtesy as we deliver our services.

Grading

Provide proposed spot elevations for proposed pedestrian facilities at the front and back of the sidewalk / SUP at termini and intervals of 25 feet maximum and changes in grade and direction, including curb ramps and intersections with sidewalk into site, to clearly show proposed running and cross slopes so that the plans can be reviewed for compliance.

Positive Drainage

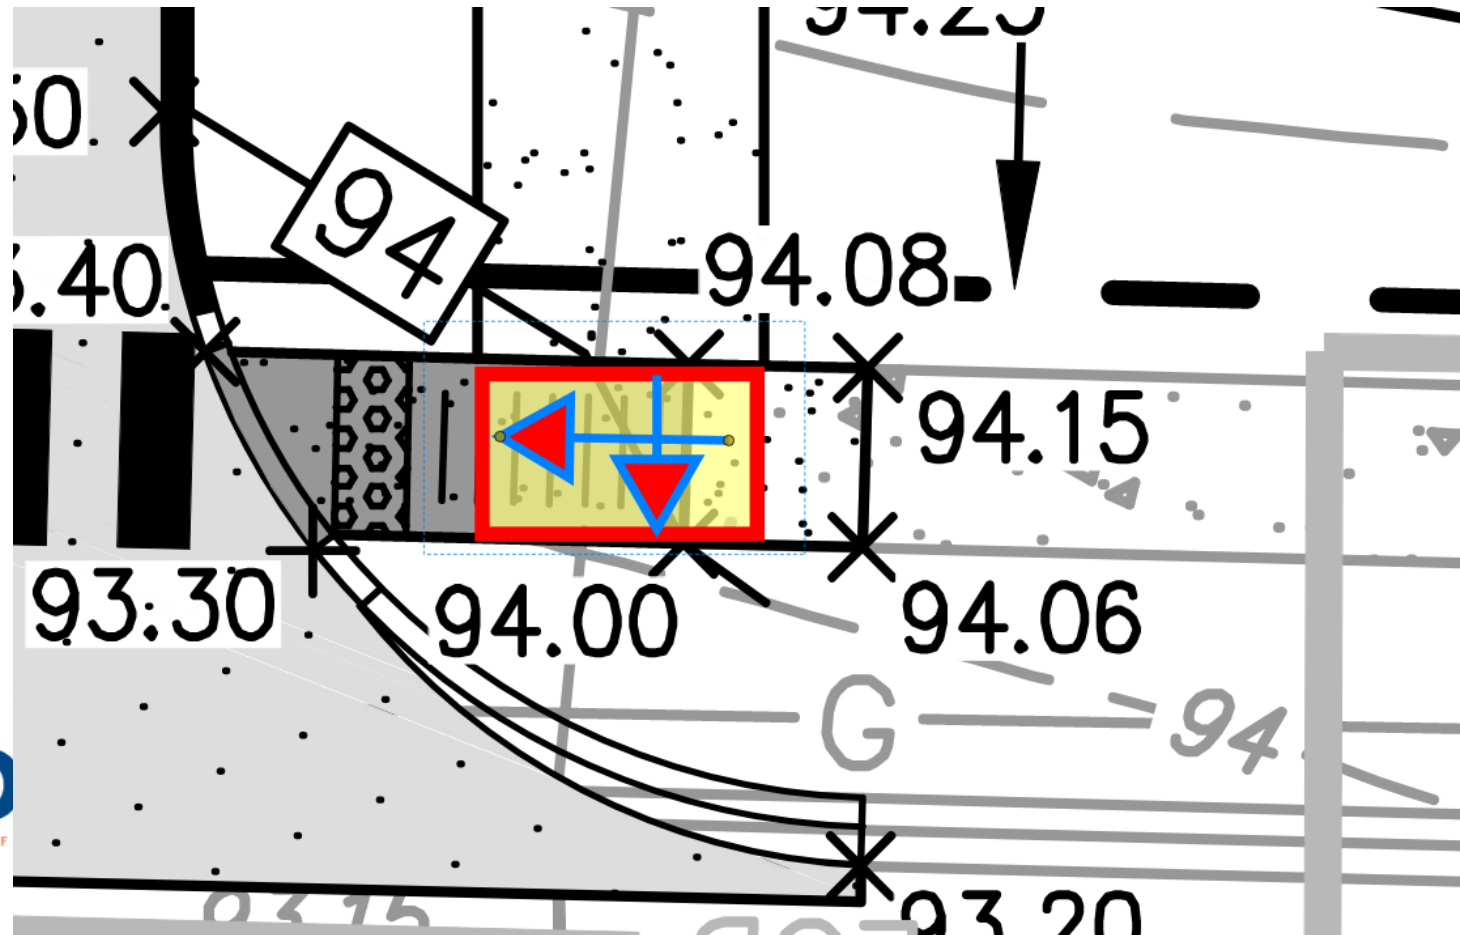

Add more grading
information to ensure
positive drainage and
that this is not a low
point for ponding.
