

TIIF FAQ

What is it?

The Transportation Infrastructure Investment Fund is established to provide economic assistance for renovation, construction, or any other type of improvements to roads and related transportation infrastructure in order to attract new businesses to this state, or expand existing businesses in this State, when such an economic development opportunity would create a significant number of direct, permanent, quality full-time jobs.

Who is eligible to use it?

A Project must have at least one Public Endorser and expand employment in Delaware. Grants would only be authorized for transportation infrastructure located within the public right-of-way or on public land.

Who administers the TIIF process?

Completed applications will be reviewed by DelDOT and the Division of Small Business.

What type of infrastructure is eligible?

- *Any project that would construct, maintain, extend or enhance any highway, and/or road, and/or bridge.*
- *Any project that would construct, maintain, extend or enhance access to any transit and/or intermodal system.*
- *Any project that would construct, maintain, extend or enhance any access to commercial ports and/or airports.*

Where can I get an application?

To apply for the Grant, an Applicant must submit a completed application concerning the Project to DelDOT. The Application is located on DelDOT's website.

How do I receive the funds?

Funds are disbursed as reimbursement for construction of transportation infrastructure located within the public right-of-way or on public land.
