INTRODUCTION

PART 1. GENERAL

CHAPTER 1A. GENERAL

Section 1A.01 Purpose of Traffic Control Devices ................................................................. 1A-1
Section 1A.02 Principles of Traffic Control Devices .............................................................. 1A-1
Section 1A.03 Design of Traffic Control Devices ................................................................. 1A-2
Section 1A.04 Placement and Operation of Traffic Control Devices .................................... 1A-2
Section 1A.05 Maintenance of Traffic Control Devices ......................................................... 1A-2
Section 1A.06 Uniformity of Traffic Control Devices ............................................................ 1A-2
Section 1A.07 Responsibility for Traffic Control Devices ..................................................... 1A-2
Section 1A.08 Authority for Placement of Traffic Control Devices ...................................... 1A-3
Section 1A.09 Engineering Study and Engineering Judgment ............................................... 1A-4
Section 1A.10 Interpretations, Experimentations, Changes, and Interim Approvals .............. 1A-5
Section 1A.11 Relation to Other Publications .................................................................... 1A-9
Section 1A.12 Color Code .................................................................................................. 1A-12
Section 1A.13 Definitions of Headings, Words, and Phrases in this Manual ......................... 1A-12
Section 1A.14 Meanings of Acronyms and Abbreviations in this Manual ......................... 1A-26
Section 1A.15 Abbreviations Used on Traffic Control Devices ............................................ 1A-27

PART 2. SIGNS

CHAPTER 2A. GENERAL

Section 2A.01 Function and Purpose of Signs ....................................................................... 2A-1
Section 2A.02 Definitions .................................................................................................... 2A-1
Section 2A.03 Standardization of Application ..................................................................... 2A-1
Section 2A.04 Excessive Use of Signs .................................................................................. 2A-2
Section 2A.05 Classification of Signs .................................................................................. 2A-2
Section 2A.06 Design of Signs ........................................................................................... 2A-2
Section 2A.07 Retroreflectivity and Illumination ................................................................. 2A-3
Section 2A.08 Maintaining Minimum Retroreflectivity ....................................................... 2A-5
Section 2A.09 Shapes ........................................................................................................ 2A-6
Section 2A.10 Sign Colors ................................................................................................ 2A-7
Section 2A.11 Dimensions ................................................................................................ 2A-9
Section 2A.12 Symbols ....................................................................................................... 2A-9
Section 2A.13 Word Messages ............................................................................................ 2A-10
Section 2A.14 Sign Borders ............................................................................................... 2A-11
Section 2A.15 Enhanced Conspicuity for Standard Signs .................................................. 2A-12
Section 2A.16 Standardization of Location ........................................................................ 2A-12
Section 2A.17 Overhead Sign Installations ......................................................................... 2A-14
Section 2A.18 Mounting Height ......................................................................................... 2A-18
Section 2A.19 Lateral Offset .............................................................................................. 2A-19
Section 2A.20 Orientation ................................................................................................. 2A-20
Section 2A.21 Posts and Mountings ................................................................................... 2A-20
Section 2A.22 Maintenance ............................................................................................... 2A-20
CHAPTER 2B. REGULATORY SIGNS, BARRICADES, AND GATES

Section 2B.01  Application of Regulatory Signs ................................................................. 2B-1
Section 2B.02  Design of Regulatory Signs ................................................................. 2B-1
Section 2B.03  Size of Regulatory Signs ................................................................. 2B-1
Section 2B.04  Right-of-Way at Intersections ................................................................. 2B-7
Section 2B.05  STOP Sign (R1-1) and ALL WAY Plaque (R1-3P) ........................................... 2B-9
Section 2B.06  STOP Sign Applications ........................................................................ 2B-10
Section 2B.07  Multi-Way Stop Applications ................................................................. 2B-10
Section 2B.08  YIELD Sign (R1-2) ................................................................................. 2B-11
Section 2B.09  YIELD Sign Applications ........................................................................ 2B-11
Section 2B.10  STOP Sign or YIELD Sign Placement ......................................................... 2B-11
Section 2B.11  Yield Here To Pedestrians Signs and Stop Here For Pedestrians Signs (R1-5 Series)... 2B-13
Section 2B.12  In-Street and Overhead Pedestrian Crossing Signs (R1-6, R1-6a, R1-9, and R1-9a) 2B-14
Section 2B.13  Speed Limit Sign (R2-1) ........................................................................ 2B-16
Section 2B.14  Truck Speed Limit Plaque (R2-2P) .......................................................... 2B-18
Section 2B.15  Night Speed Limit Plaque (R2-3P) ......................................................... 2B-18
Section 2B.16  Minimum Speed Limit Plaque (R2-4P) ..................................................... 2B-18
Section 2B.17  Higher Fines Signs and Plaque (R2-6P, R2-10, and R2-11) ....................... 2B-18
Section 2B.18  Movement Prohibition Signs (R3-1 through R3-4, R3-18, and R3-27) .......... 2B-19
Section 2B.19  Intersection Lane Control Signs (R3-5 through R3-8) ............................ 2B-21
Section 2B.20  Mandatory Movement Lane Control Signs (R3-5, R3-5a, R3-7, R3-20, and R3-20-DE) ................................................................................... 2B-23
Section 2B.21  Optional Movement Lane Control Sign (R3-6) ........................................... 2B-24
Section 2B.22  Advance Intersection Lane Control Signs (R3-8 Series) ................. 2B-24
Section 2B.23  RIGHT (LEFT) LANE MUST EXIT Sign (R3-33) ........................................ 2B-25
Section 2B.24  Two-Way Left Turn Only Signs (R3-9a, R3-9b) ........................................ 2B-25
Section 2B.25  BEGIN and END Plaques (R3-9cP, R3-9dP) ........................................... 2B-25
Section 2B.26  Reversible Lane Control Signs (R3-9e through R3-9i) .......................... 2B-26
Section 2B.27  Jughandle Signs (R3-23, R3-24, R3-25, and R3-26 Series) ..................... 2B-28
Section 2B.28  DO NOT PASS Sign (R4-1) ................................................................... 2B-29
Section 2B.29  PASS WITH CARE Sign (R4-2) ............................................................. 2B-29
Section 2B.30  KEEP RIGHT EXCEPT TO PASS Sign (R4-16) and SLOWER TRAFFIC KEEP RIGHT Sign (R4-3) .......................................................................................... 2B-35
Section 2B.31  TRUCKS KEEP RIGHT EXCEPT LEFT TURNS, NO TRUCKS LEFT LANE EXCEPT LEFT TURNS, and TRUCKS USE RIGHT LANE Signs (R4-3-DE, R4-3-DE1, and R4-5) ................................................................. 2B-35
Section 2B.32  Keep Right and Keep Left Signs (R4-7, R4-8) ........................................... 2B-36
Section 2B.33  STAY IN LANE Sign (R4-9) ...................................................................... 2B-36
Section 2B.34  RUNAWAY VEHICLES ONLY Sign (R4-10) .............................................. 2B-36
Section 2B.35  Slow Vehicle Turn-Out Signs (R4-12, R4-13, and R4-14) ........................ 2B-37
Section 2B.36  DO NOT DRIVE ON SHOULDER Sign (R4-17) and DO NOT PASS ON SHOULDER Sign (R4-18) .................................................................................... 2B-37
Section 2B.37  DO NOT ENTER Sign (R5-1) ..................................................................... 2B-37
Section 2B.38  WRONG WAY Sign (R5-1a) ...................................................................... 2B-38
Section 2B.39  Selective Exclusion Signs ...................................................................... 2B-38
Section 2B.40  ONE WAY Signs (R6-1, R6-2) ................................................................. 2B-41
Section 2B.41  Wrong-Way Traffic Control at Interchange Ramps ................................ 2B-49
Section 2B.42  Divided Highway Crossing Signs (R6-3, R6-3a) ..................................... 2B-52
Section 2B.43  Roundabout Directional Arrow Signs (R6-4, R6-4a, and R6-4b) ........... 2B-52
Section 2B.44  Roundabout Circulation Plaque (R6-5P) ............................................... 2B-53
Section 2B.45  Examples of Roundabout Signinig ......................................................... 2B-53
Section 2B.46  Parking, Standing, and Stopping Signs (R7 and R8 Series) ................ 2B-57
Section 2B.47  Design of Parking, Standing, and Stopping Signs ...................................... 2B-60
CHAPTER 2C.  WARNING SIGNS AND OBJECT MARKERS

Section 2C.01  Function of Warning Signs..............................................................2C-1
Section 2C.02  Application of Warning Signs......................................................2C-1
Section 2C.03  Design of Warning Signs..............................................................2C-2
Section 2C.04  Size of Warning Signs.................................................................2C-3
Section 2C.05  Placement of Warning Signs.........................................................2C-8
Section 2C.06  Horizontal Alignment Warning Signs..........................................2C-8
Section 2C.07  Horizontal Alignment Signs (W1-1 through W1-5, W1-11, W1-15)........2C-10
Section 2C.08  Advisory Speed Plaque (W13-1P).................................................2C-13
Section 2C.09  Chevron Alignment Sign (W1-8).......................................................2C-13
Section 2C.10  Combination Horizontal Alignment/Advisory Speed Signs (W1-1a, W1-2a) 2C-14
Section 2C.11  Combination Horizontal Alignment/Intersection Signs (W1-10 Series)..........................2C-15
Section 2C.12  One-Direction Large Arrow Sign (W1-6)........................................2C-17
Section 2C.13  Truck Rollover Warning Sign (W1-13)...........................................2C-15
Section 2C.14  Advisory Exit and Ramp Speed Signs (W13-2 and W13-3)............2C-16
Section 2C.15  Combination Horizontal Alignment/Advisory Exit and Ramp Speed Signs (W13-6 and W13-7) 2C-16
Section 2C.16  Hill Signs (W7-1, W7-1a).................................................................2C-18
Section 2C.17  Truck Escape Ramp Signs (W7-4 Series)........................................2C-19
Section 2C.18  HILL BLOCKS VIEW Sign (W7-6)....................................................2C-19
Section 2C.19  ROAD NARROWS Sign (W5-1)........................................................2C-19
Section 2C.20  NARROW BRIDGE Sign (W5-2)......................................................2C-19
Section 2C.21  ONE LANE BRIDGE Sign (W5-3).....................................................2C-20
Section 2C.22  Divided Highway Sign (W6-1)..........................................................2C-20
Section 2C.23  Divided Highway Ends Sign (W6-2).................................................2C-21
Section 2C.62   NEW and NEW TRAFFIC PATTERN Plaques (W16-15P and W23-2P-DE) .................. 2C-39
Section 2C.61   Photo Enforced Plaque (W16-10P) .................................................................................. 2C-39
Section 2C.60   SHARE THE ROAD Plaque (W16-1P) ........................................................................... 2C-39
Section 2C.59   CROSS TRAFFIC DOES NOT STOP Plaque (W4-4P) .................................................. 2C-39
Section 2C.58   Advance Street Name Plaque (W16-8P, W16-8aP) ......................................................... 2C-38
Section 2C.57   Hill-Related Plaques (W7-2 Series, W7-3 Series) ........................................................... 2C-38
Section 2C.56   Supplemental Arrow Plaques (W16-5P, W16-6P) ........................................................... 2C-38
Section 2C.55   Distance Plaques (W16-2 Series, W16-3 Series, W16-4P, W7-3aP) .............................. 2C-38
Section 2C.54   Design of Supplemental Warning Plaques ....................................................................... 2C-38
Section 2C.53   Use of Supplemental Warning Plaques (W8-1, W8-2) .................................................. 2C-22
Section 2C.52   NEW TRAFFIC PATTERN AHEAD Sign (W23-2) ....................................................... 2C-36
Section 2C.51   Playground Sign (W15-1) ................................................................................................. 2C-35
Section 2C.50   Non-Vehicular Warning Signs (W11-2, W11-3, W11-4, W11-6, W11-7, W11-9, W11-

Section 2C.49   Vehicular Traffic Warning Signs (W8-6, W11-1, W11-5, W11-5a, W11-8, W11-8-DE,

Section 2C.48   Traffic Signal Signs (W25-1, W25-2). ......................................................................... 2C-32
Section 2C.47   Two-Direction Large Arrow Sign (W1-7) ....................................................................... 2C-32
Section 2C.46   Intersection Warning Signs (W2-1 through W2-8, W21-9-DE, W21-9P-DE,

Section 2C.45   NO PASSING ZONE Sign (W14-3) ................................................................................ 2C-30
Section 2C.44   Two-Way Traffic Sign (W6-3) .......................................................................................... 2C-30
Section 2C.43   RIGHT (LEFT) LANE EXIT ONLY AHEAD Sign (W9-7) ........................................... 2C-30
Section 2C.42   Lane Ends Signs (W4-2, W9-1, W9-2, W9-2-DE) ......................................................... 2C-29
Section 2C.41   Added Lane Signs (W4-3, W4-6) ................................................................................... 2C-29
Section 2C.40   Merge Signs (W4-1, W4-5) .............................................................................................. 2C-28
Section 2C.39   DRAW BRIDGE Sign (W3-6) ......................................................................................... 2C-28
Section 2C.38   Reduced Speed Limit Ahead Signs (W3-5, W3-5-DE) .................................................... 2C-27
Section 2C.37   Advance Ramp Control Signal Signs (W3-7 and W3-8) ................................................. 2C-27
Section 2C.36   Advance Traffic Control Signs (W3-1, W3-2, W3-3, W3-3-DE, W3-3P-DE, W3-4) ..... 2C-26
Section 2C.35   Weather Condition Signs (W8-18, W8-19, W8-21, and W8-22) .................................... 2C-25
Section 2C.34   NO CENTER LINE Sign (W8-12)....................................................................................... 2C-25
Section 2C.33   Warning Signs and Plaques for Motorcyclists (W8-15, W8-15P, and W8-16) ........... 2C-25
Section 2C.32   Freeway or Expressway Ends Signs (W19 Series) .......................................................... 2C-25
Section 2C.31   Shoulder Signs (W8-4, W8-9, W8-17, W8-23, and W8-25) ........................................ 2C-24
Section 2C.30   PAVEMENT ENDS Sign (W8-3) .................................................................................... 2C-24
Section 2C.29   SPEED HUMP Sign (W17-1) ............................................................................................ 2C-24
Section 2C.28   BUMP and DIP Signs (W8-1, W8-2) .................................................................................. 2C-22
Section 2C.27   Low Clearance Signs (W12-2 and W12-2a) ................................................................. 2C-22
Section 2C.26   DEAD END/NO OUTLET Signs (W14-1, W14-1a, W14-2, W14-2a) ....................... 2C-21
Section 2C.25   Double Arrow Sign (W12-1).............................................................................................. 2C-21
Section 2C.24   Freeway or Expressway Ends Signs (W19 Series) ......................................................... 2C-21

CHAPTER 2D.   GUIDE SIGNS—CONVENTIONAL ROADS

Section 2D.01   Scope of Conventional Road Guide Sign Standards ....................................................... 2D-1
Section 2D.02   Application ....................................................................................................................... 2D-1
Section 2D.03   Color, Retroreflection, and Illumination ........................................................................... 2D-1
Section 2D.04   Size of Signs ....................................................................................................................... 2D-2

Revision 1, December 2012
Section 2D.05  Lettering Style .................................................................................................................. 2D-3
Section 2D.06  Size of Lettering ........................................................................................................... 2D-4
Section 2D.07  Amount of Legend ................................................................................................-------- 2D-4
Section 2D.08  Arrows ............................................................................................................................... 2D-5
Section 2D.09  Numbered Highway Systems .......................................................................................... 2D-7
Section 2D.10  Route Signs and Auxiliary Signs ..................................................................................... 2D-7
Section 2D.11  Design of Route Signs .................................................................................................... 2D-7
Section 2D.12  Design of Route Sign Auxiliaries ................................................................................... 2D-9
Section 2D.13  Junction Auxiliary Sign (M2-1) ..................................................................................... 2D-10
Section 2D.14  Combination Junction Sign (M2-2) .............................................................................. 2D-10
Section 2D.15  Cardinal Direction Auxiliary Signs (M3-1 through M3-4) ............................................ 2D-11
Section 2D.16  Auxiliary Signs for Alternative Routes (M4 Series) ....................................................... 2D-11
Section 2D.17  ALTERNATE Auxiliary Signs (M4-1, M4-1a) ................................................................. 2D-11
Section 2D.18  BY-PASS Auxiliary Sign (M4-2) ................................................................................... 2D-11
Section 2D.19  BUSINESS Auxiliary Sign (M4-3) ............................................................................... 2D-11
Section 2D.20  TRUCK Auxiliary Sign (M4-4) ..................................................................................... 2D-11
Section 2D.21  TO Auxiliary Sign (M4-5) ............................................................................................ 2D-12
Section 2D.22  END Auxiliary Sign (M4-6) ............................................................................................ 2D-12
Section 2D.23  BEGIN Auxiliary Sign (M4-14) ................................................................................. 2D-12
Section 2D.24  TEMPORARY Auxiliary Signs (M4-7, M4-7a) ............................................................... 2D-12
Section 2D.25  Temporary Detour and Auxiliary Signs ....................................................................... 2D-12
Section 2D.26  Advance Turn Arrow Auxiliary Signs (M5-1, M5-2, and M5-3) ..................................... 2D-13
Section 2D.27  Lane Designation Auxiliary Signs (M5-4, M5-5, and M5-6) ......................................... 2D-13
Section 2D.28  Directional Arrow Auxiliary Signs (M6 Series) ............................................................ 2D-14
Section 2D.29  Route Sign Assemblies ................................................................................................ 2D-14
Section 2D.30  Junction Assembly ....................................................................................................... 2D-19
Section 2D.31  Advance Route Turn Assembly ..................................................................................... 2D-19
Section 2D.32  Directional Assembly .................................................................................................... 2D-20
Section 2D.33  Combination Lane-Use/Destination Overhead Guide Sign (D15-1) ............................ 2D-20
Section 2D.34  Confirming or Reassurance Assemblies ..................................................................... 2D-21
Section 2D.35  Trailblazer Assembly .................................................................................................... 2D-21
Section 2D.36  Destination and Distance Signs .................................................................................... 2D-22
Section 2D.37  Destination Signs (D1 Series) ...................................................................................... 2D-22
Section 2D.38  Destination Signs at Circular Intersections ................................................................. 2D-23
Section 2D.39  Destination Signs at Jughandles .................................................................................... 2D-27
Section 2D.40  Location of Destination Signs ....................................................................................... 2D-27
Section 2D.41  Distance Signs (D2 Series) ........................................................................................... 2D-27
Section 2D.42  Location of Distance Signs ............................................................................................ 2D-28
Section 2D.43  Street Name Signs (D3-1, D3-1-DEL, D3-1a) ............................................................... 2D-28
Section 2D.44  Advance Street Name Signs (D3-2) ............................................................................. 2D-30
Section 2D.45  Signing on Conventional Roads on Approaches to Interchanges ................................ 2D-31
Section 2D.46  Freeway Entrance Signs (D13-3 and D13-3a) ............................................................... 2D-39
Section 2D.47  Parking Area Guide Sign (D4-1) ................................................................................... 2D-39
Section 2D.48  PARK - RIDE Sign (D4-2) ............................................................................................. 2D-39
Section 2D.49  Weigh Station Signing (D8 Series) ............................................................................... 2D-40
Section 2D.50  Community Wayfinding Signs ..................................................................................... 2D-42
Section 2D.51  Truck, Passing, or Climbing Lane Signs (D17-1 and D17-2) ........................................ 2D-48
Section 2D.52  Slow Vehicle Turn-Out Sign (D17-7) ........................................................................... 2D-48
Section 2D.53  Signing of Named Highways ....................................................................................... 2D-49
Section 2D.54  Crossover Signs (D13-1 and D13-2) ............................................................................. 2D-49
Section 2D.55  National Scenic Byways Signs (D6-4, D6-4a) ............................................................... 2D-49

CHAPTER 2E.  GUIDE SIGNS—FREeways AND EXPRESSWAYS

Section 2E.01  Scope of Freeway and Expressway Guide Sign Standards ............................................. 2E-1
Section 2E.02  Freeway and Expressway Signing Principles .............................................................. 2E-1
DE MUTCD

Chapter 2G. Preferential and Managed Lane Signs

Section 2G.01 Scope .......................................................................................................................... 2G-1
Section 2G.02 Sizes of Preferential and Managed Lane Signs ................................................................. 2G-1
Section 2G.03 Regulatory Signs for Preferential Lanes — General .......................................................... 2G-1
Section 2G.04 Preferential Lane Vehicle Occupancy Definition Regulatory Signs (R3-10 Series and R3-13 Series) ....................................................................................................................................................... 2G-7
Section 2G.05 Preferential Lane Periods of Operation Regulatory Signs (R3-11 Series and R3-14 Series) .................................................................................................................................................................... 2G-8
Section 2G.06 Preferential Lane Advance Regulatory Signs (R3-12, R3-12e, R3-12f, R3-15, R3-15a, and R3-15d) ........................................................................................................................................................................... 2G-12
Section 2G.07 Preferential Lane Ends Regulatory Signs (R3-12a, R3-12b, R3-12c, R3-12d, R3-12g, R3-12h, R3-15b, R3-15c, and R3-15e) ........................................................................................................................................................................ 2G-12
Section 2G.08 Warning Signs on Median Barriers for Preferential Lanes .................................................. 2G-12
Section 2G.09 High-Occupancy Vehicle (HOV) Plaque (W16-11P) ............................................................ 2G-13
Section 2G.10 Preferential Lane Guide Signs — General ........................................................................... 2G-13
Section 2G.11 Guide Signs for Initial Entry Points to Preferential Lanes .................................................... 2G-17
Section 2G.12 Guide Signs for Intermediate Entry Points to Preferential Lanes ........................................ 2G-18
Section 2G.13 Guide Signs for Egress from Preferential Lanes to General-Purpose Lanes .................... 2G-20
Section 2G.14 Guide Signs for Direct Entrances to Preferential Lanes from Another Highway ............... 2G-23
Section 2G.15 Guide Signs for Direct Exits from Preferential Lanes to Another Highway ...................... 2G-26
Section 2G.16 Signs for Priced Managed Lanes — General ...................................................................... 2G-29
Section 2G.17 Regulatory Signs for Priced Managed Lanes ..................................................................... 2G-30
Section 2G.18 Guide Signs for Priced Managed Lanes ............................................................................ 2G-32

Chapter 2H. General Information Signs

Section 2H.01 Sizes of General Information Signs ............................................................................. 2H-1
Section 2H.02 General Information Signs (I Series) .............................................................................. 2H-1
Section 2H.03 Traffic Signal Speed Sign (I1-1) ....................................................................................... 2H-4
Section 2H.04 Miscellaneous Information Signs .................................................................................... 2H-4
Section 2H.05 Reference Location Signs (D10-1 through D10-3) and Intermediate Reference Location Signs (D10-1a through D10-3a) .................................................................................................................................................. 2H-4
Section 2H.06 Enhanced Reference Location Signs (D10-4, D10-5) ....................................................... 2H-7
Section 2H.07 Auto Tour Route Signs .................................................................................................. 2H-8
Section 2H.08 Acknowledgment Signs .................................................................................................. 2H-8

Chapter 2I. General Service Signs

Revision 1, December 2012
CHAPTER 2J. SPECIFIC SERVICE SIGNS

Section 2J.01 Eligibility .................................................................................................................. 2J-1
Section 2J.02 Application .................................................................................................................. 2J-3
Section 2J.03 Logos and Logo Sign Panels ..................................................................................... 2J-3
Section 2J.04 Number and Size of Signs and Logo Sign Panels .................................................... 2J-8
Section 2J.05 Size of Lettering ....................................................................................................... 2J-8
Section 2J.06 Signs at Interchanges ................................................................................................ 2J-9
Section 2J.07 Single-Exit Interchanges ........................................................................................... 2J-9
Section 2J.08 Double-Exit Interchanges .......................................................................................... 2J-9
Section 2J.09 Specific Service Trailblazer Signs ............................................................................. 2J-9
Section 2J.10 Signs at Intersections ................................................................................................ 2J-10
Section 2J.11 Signing Policy ............................................................................................................ 2J-11

CHAPTER 2K. TOURIST-ORIENTED DIRECTIONAL SIGNS

Section 2K.01 Purpose and Application ............................................................................................ 2K-1
Section 2K.02 Design ....................................................................................................................... 2K-1
Section 2K.03 Style and Size of Lettering ....................................................................................... 2K-2
Section 2K.04 Arrangement and Size of Signs ............................................................................... 2K-2
Section 2K.05 Advance Signs ........................................................................................................ 2K-5
Section 2K.06 Sign Locations .......................................................................................................... 2K-5
Section 2K.07 State Policy ............................................................................................................... 2K-6

CHAPTER 2L. CHANGEABLE MESSAGE SIGNS

Section 2L.01 Description of Changeable Message Signs .............................................................. 2L-1
Section 2L.02 Applications of Changeable Message Signs ............................................................ 2L-1
Section 2L.03 Legibility and Visibility of Changeable Message Signs ........................................... 2L-2
Section 2L.04 Design Characteristics of Changeable Message Signs ........................................... 2L-2
Section 2L.05 Message Length and Units of Information ............................................................... 2L-4
Section 2L.06 Installation of Permanent Changeable Message Signs ............................................ 2L-5

CHAPTER 2M. RECREATIONAL AND CULTURAL INTEREST AREA SIGNS

Section 2M.01 Scope ........................................................................................................................ 2M-1
Section 2M.02 Application of Recreational and Cultural Interest Area Signs ................................ 2M-1
Section 2M.03 Regulatory and Warning Signs ............................................................................... 2M-1
Section 2M.04 General Design Requirements for Recreational and Cultural Interest Area Symbol Guide Signs .................................................................................................................. 2M-2
Section 2M.05 Symbol Sign Sizes .................................................................................................. 2M-2
Section 2M.06 Use of Educational Plaques ................................................................................... 2M-2
Section 2M.07 Use of Prohibitive Circle and Diagonal Slash for Non-Road Applications ................. 2M-2
Section 2M.08 Placement of Recreational and Cultural Interest Area Symbol Signs ..................... 2M-4
Section 2M.09 Destination Guide Signs .......................................................................................... 2M-12
Section 2M.10 Memorial or Dedication Signing ............................................................................. 2M-13
CHAPTER 2N. EMERGENCY MANAGEMENT SIGNING

Section 2N.01 Emergency Management ................................................................. 2N-1
Section 2N.02 Design of Emergency Management Signs ....................................... 2N-1
Section 2N.03 Evacuation Route Signs (EM-1, EM-1-DE, and EM-1a) ................. 2N-2
Section 2N.04 AREA CLOSED Sign (EM-2) .............................................................. 2N-3
Section 2N.05 TRAFFIC CONTROL POINT Sign (EM-3) ........................................... 2N-3
Section 2N.06 MAINTAIN TOP SAFE SPEED Sign (EM-4) ....................................... 2N-4
Section 2N.07 ROAD (AREA) USE PERMIT REQUIRED FOR THRU TRAFFIC Sign (EM-5) .... 2N-4
Section 2N.08 Emergency Aid Center Signs (EM-6 Series) ................................... 2N-4
Section 2N.09 Shelter Directional Signs (EM-7 Series) ........................................... 2N-5
Section 2N.10 Emergency Siren Sign (EM-7-DE) .................................................. 2N-6

PART 3. MARKINGS

CHAPTER 3A. GENERAL

Section 3A.01 Functions and Limitations ................................................................. 3A-1
Section 3A.02 Standardization of Application ....................................................... 3A-1
Section 3A.03 Maintaining Minimum Pavement Marking Retroreflectivity ........... 3A-1
Section 3A.04 Materials ....................................................................................... 3A-1
Section 3A.05 Colors ......................................................................................... 3A-2
Section 3A.06 Functions, Widths, and Patterns of Longitudinal Pavement Markings ... 3A-2

CHAPTER 3B. PAVEMENT AND CURB MARKINGS

Section 3B.01 Yellow Center Line Pavement Markings and Warrants .................... 3B-1
Section 3B.02 No-Passing Zone Pavement Markings and Warrants ...................... 3B-4
Section 3B.03 Other Yellow Longitudinal Pavement Markings ............................ 3B-8
Section 3B.04 White Lane Line Pavement Markings and Warrants ...................... 3B-10
Section 3B.05 Other White Longitudinal Pavement Markings ............................. 3B-35
Section 3B.06 Edge Line Pavement Markings .................................................... 3B-36
Section 3B.07 Warrants for Use of Edge Lines ................................................... 3B-37
Section 3B.08 Extensions Through Intersections or Interchanges ....................... 3B-37
Section 3B.09 Lane-Reduction Transition Markings ............................................ 3B-40
Section 3B.10 Approach Markings for Obstructions .......................................... 3B-45
Section 3B.11 Raised Pavement Markers – General ............................................ 3B-48
Section 3B.12 Raised Pavement Markers as Vehicle Positioning Guides with Other Longitudinal Markings ................................................................. 3B-57
Section 3B.13 Raised Pavement Markers Supplementing Other Markings .......... 3B-57
Section 3B.14 Raised Pavement Markers Substituting for Pavement Markings .... 3B-58
Section 3B.15 Transverse Markings .................................................................... 3B-58
Section 3B.16 Stop and Yield Lines ..................................................................... 3B-59
Section 3B.17 Do Not Block Intersection Markings ............................................ 3B-61
Section 3B.18 Crosswalk Markings ..................................................................... 3B-62
Section 3B.19 Parking Space Markings .............................................................. 3B-64
Section 3B.20 Pavement Word, Symbol, and Arrow Markings ............................ 3B-67
Section 3B.21 Speed Measurement Markings ..................................................... 3B-74
Section 3B.22 Speed Reduction Markings ........................................................... 3B-74
Section 3B.23 Curb Markings ............................................................................ 3B-75
Section 3B.24 Chevron and Diagonal Crosshatch Markings ............................... 3B-76
Section 3B.25 Speed Hump Markings ............................................................... 3B-77
Section 3B.26 Advance Speed Hump Markings .................................................. 3B-77

CHAPTER 3C. ROUNDABOUT MARKINGS

Section 3C.01 General ......................................................................................... 3C-1
Section 3C.02 White Lane Line Pavement Markings for Roundabouts ............... 3C-1

Revision 1, December 2012
### CHAPTER 4D. TRAFFIC CONTROL SIGNAL FEATURES

<table>

</table>
Section 4E.08 Pedestrian Detectors ................................................................. 4E-7
Section 4E.09 Accessible Pedestrian Signals and Detectors – General ........................................... 4E-11
Section 4E.10 Accessible Pedestrian Signals and Detectors – Location ............................................. 4E-12
Section 4E.11 Accessible Pedestrian Signals and Detectors – Walk Indications ................................ 4E-13
Section 4E.12 Accessible Pedestrian Signals and Detectors – Tactile Arrows and Locator Tones ...... 4E-15
Section 4E.13 Accessible Pedestrian Signals and Detectors – Extended Pushbutton Press Features .... 4E-15

CHAPTER 4F. PEDESTRIAN HYBRID BEACONS

Section 4F.01 Application of Pedestrian Hybrid Beacons .................................................. 4F-1
Section 4F.02 Design of Pedestrian Hybrid Beacons ............................................................. 4F-1
Section 4F.03 Operation of Pedestrian Hybrid Beacons ......................................................... 4F-4

CHAPTER 4G. TRAFFIC CONTROL SIGNALS AND HYBRID BEACONS FOR EMERGENCY-VEHICLE ACCESS

Section 4G.01 Application of Emergency-Vehicle Traffic Control Signals and Hybrid Beacons ..... 4G-1
Section 4G.02 Design of Emergency-Vehicle Traffic Control Signals ........................................ 4G-1
Section 4G.03 Operation of Emergency-Vehicle Traffic Control Signals .................................... 4G-2
Section 4G.04 Emergency-Vehicle Hybrid Beacons ............................................................... 4G-2

CHAPTER 4H. TRAFFIC CONTROL SIGNALS FOR ONE-LANE, TWO-WAY FACILITIES

Section 4H.01 Application of Traffic Control Signals for One-Lane, Two-Way Facilities .......... 4H-1
Section 4H.02 Design of Traffic Control Signals for One-Lane, Two-Way Facilities ................ 4H-1
Section 4H.03 Operation of Traffic Control Signals for One-Lane, Two-Way Facilities ............ 4H-1

CHAPTER 4I. TRAFFIC CONTROL SIGNALS FOR FREEWAY ENTRANCE RAMPS

Section 4I.01 Application of Freeway Entrance Ramp Control Signals ..................................... 4I-1
Section 4I.02 Design of Freeway Entrance Ramp Control Signals ............................................ 4I-1
Section 4I.03 Operation of Freeway Entrance Ramp Control Signals ........................................ 4I-2

CHAPTER 4J. TRAFFIC CONTROL FOR MOVABLE BRIDGES

Section 4J.01 Application of Traffic Control for Movable Bridges ............................................. 4J-1
Section 4J.02 Design and Location of Movable Bridge Signals and Gates .................................. 4J-1
Section 4J.03 Operation of Movable Bridge Signals and Gates .................................................. 4J-3

CHAPTER 4K. HIGHWAY TRAFFIC SIGNALS AT TOLL PLAZAS

Section 4K.01 Traffic Signals at Toll Plazas .............................................................................. 4K-1
Section 4K.02 Lane-Use Control Signals at or Near Toll Plazas ................................................ 4K-1
Section 4K.03 Warning Beacons at Toll Plazas .................................................................... 4K-1

CHAPTER 4L. FLASHING BEACONS

Section 4L.01 General Design and Operation of Flashing Beacons ............................................ 4L-1
Section 4L.02 Intersection Control Beacon ............................................................................... 4L-1
Section 4L.03 Warning Beacon .............................................................................................. 4L-2
Section 4L.04 Speed Limit Sign Beacon ................................................................................... 4L-2
Section 4L.05 Stop Beacon ..................................................................................................... 4L-3

CHAPTER 4M. LANE-USE CONTROL SIGNALS

Section 4M.01 Application of Lane-Use Control Signals ............................................................ 4M-1
Section 4M.02 Meaning of Lane-Use Control Signal Indications ............................................... 4M-1
Section 4M.03 Design of Lane-Use Control Signals ................................................................. 4M-2
Section 4M.04 Operation of Lane-Use Control Signals ............................................................ 4M-3
CHAPTER 4N. IN-ROADWAY LIGHTS

Section 4N.01 Application of In-Roadway Lights ................................................................. 4N-1
Section 4N.02 In-Roadway Warning Lights at Crosswalks .................................................... 4N-1

PART 5. TRAFFIC CONTROL DEVICES FOR LOW-VOLUME ROADS

CHAPTER 5A. GENERAL

Section 5A.01 Function ............................................................................................................. 5A-1
Section 5A.02 Application ......................................................................................................... 5A-1
Section 5A.03 Design ............................................................................................................... 5A-1
Section 5A.04 Placement .......................................................................................................... 5A-3

CHAPTER 5B. REGULATORY SIGNS

Section 5B.01 Introduction ..................................................................................................... 5B-1
Section 5B.02 STOP and YIELD Signs (R1-1 and R1-2) ......................................................... 5B-1
Section 5B.03 Speed Limit Signs (R2 Series) ........................................................................ 5B-1
Section 5B.04 Traffic Movement and Prohibition Signs (R3, R4, R5, R6, R9, R10, R11, R12, R13 and R14 Series) ................................................................. 5B-2
Section 5B.05 Parking Signs (R8 Series) ................................................................................ 5B-2
Section 5B.06 Other Regulatory Signs .................................................................................. 5B-2

CHAPTER 5C. WARNING SIGNS

Section 5C.01 Introduction ..................................................................................................... 5C-1
Section 5C.02 Horizontal Alignment Signs (W1-1 through W1-8) ........................................... 5C-1
Section 5C.03 Intersection Warning Signs (W2-1 through W2-6) ............................................. 5C-1
Section 5C.04 Stop Ahead and Yield Ahead Signs (W3-1, W3-2) ............................................ 5C-1
Section 5C.05 NARROW BRIDGE Sign (W5-2) .................................................................... 5C-1
Section 5C.06 ONE LANE BRIDGE Sign (W5-3) ................................................................. 5C-1
Section 5C.07 Hill Sign (W7-1) ......................................................................................... 5C-4
Section 5C.08 PAVEMENT ENDS Sign (W8-3) ................................................................. 5C-4
Section 5C.09 Vehicular Traffic Warning and Non-Vehicular Warning Signs (W11 Series and W8-6) ................................................................. 5C-4
Section 5C.10 Advisory Speed Plaque (W13-1P) ................................................................. 5C-4
Section 5C.11 DEAD END or NO OUTLET Signs (W14-1, W14-1a, W14-2, W14-2a) ............. 5C-4
Section 5C.12 NO TRAFFIC SIGNS Sign (W18-1) .............................................................. 5C-4
Section 5C.13 Other Warning Signs .................................................................................. 5C-5
Section 5C.14 Object Markers and Barricades ................................................................. 5C-5

CHAPTER 5D. GUIDE SIGNS

Section 5D.01 Introduction ................................................................................................. 5D-1

CHAPTER 5E. MARKINGS

Section 5E.01 Introduction ................................................................................................. 5E-1
Section 5E.02 Center Line Markings .................................................................................. 5E-1
Section 5E.03 Edge Line Markings .................................................................................... 5E-1
Section 5E.04 Delineators ............................................................................................... 5E-1
Section 5E.05 Other Markings ......................................................................................... 5E-1

CHAPTER 5F. TRAFFIC CONTROL FOR HIGHWAY-RAIL GRADE CROSSINGS

Section 5F.01 Introduction ................................................................................................. 5F-1
Section 5F.02 Grade Crossing (Crossbuck) Sign and Number of Tracks Plaque (R15-1, R15-2P) ................................................................. 5F-1
Section 5F.03 Grade Crossing Advance Warning Signs (W10 Series) ................................ 5F-2
Section 5F.04 STOP and YIELD Signs (R1-1, R1-2) .......................................................... 5F-2
Section 5F.05 Pavement Markings .................................................................................. 5F-2

Revision 1, December 2012
CHAPTER 6G.  TYPE OF TEMPORARY TRAFFIC CONTROL ZONE ACTIVITIES

Section 6G.01  Typical Applications ........................................................................................................ 6G-1
Section 6G.02  Work Duration .................................................................................................................. 6G-1
Section 6G.03  Location of Work .............................................................................................................. 6G-3
Section 6G.04  Modifications To Fulfill Special Needs ............................................................................ 6G-3
Section 6G.05  Work Affecting Pedestrian and Bicycle Facilities ........................................................... 6G-4
Section 6G.06  Work Outside of the Shoulder .......................................................................................... 6G-5
Section 6G.07  Work on the Shoulder with No Encroachment ................................................................. 6G-6
Section 6G.08  Work on the Shoulder with Minor Encroachment ............................................................ 6G-6
Section 6G.09  Work Within the Median .................................................................................................. 6G-7
Section 6G.10  Work Within the Traveled Way of a Two-Lane Highway .................................................. 6G-7
Section 6G.11  Work Within the Traveled Way of an Urban Street ............................................................ 6G-8
Section 6G.12  Work Within the Traveled Way of a Multi-Lane, Non-Access Controlled Highway .... 6G-8
Section 6G.13  Work Within the Traveled Way at an Intersection ............................................................. 6G-10
Section 6G.14  Work Within the Traveled Way of an Interstate, Freeway, or Expressway .................. 6G-11
Section 6G.15  Two-Lane, Two-Way Traffic on One Roadway of a Normally Divided Highway .... 6G-12
Section 6G.16  Crossovers ....................................................................................................................... 6G-12
Section 6G.17  Interchanges ..................................................................................................................... 6G-12
Section 6G.18  Work in the Vicinity of a Grade Crossing ......................................................................... 6G-12
Section 6G.19  Temporary Traffic Control During Nighttime Hours ...................................................... 6G-13
Section 6G.20  Vertical Difference .......................................................................................................... 6G-14
CHAPTER 6H.  TYPICAL APPLICATIONS

Section 6H.01  Typical Applications ................................................................. 6H-1

CHAPTER 6I.  CONTROL OF TRAFFIC THROUGH TRAFFIC INCIDENT
MANAGEMENT AREAS

Section 6I.01  General ...................................................................................... 6I-1
Section 6I.02  Major Traffic Incidents .............................................................. 6I-2
Section 6I.03  Intermediate Traffic Incidents .................................................. 6I-3
Section 6I.04  Minor Traffic Incidents .............................................................. 6I-4
Section 6I.05  Use of Emergency-Vehicle Lighting ........................................... 6I-4

PART 7.  TRAFFIC CONTROL FOR SCHOOL AREAS

CHAPTER 7A.  GENERAL

Section 7A.01  Need for Standards ................................................................. 7A-1
Section 7A.02  School Routes and Established School Crossings..................... 7A-2
Section 7A.03  School Crossing Control Criteria ............................................. 7A-3
Section 7A.04  Scope ....................................................................................... 7A-3

CHAPTER 7B.  SIGNS

Section 7B.01  Size of School Signs................................................................. 7B-1
Section 7B.02  Illumination and Reflectorization ............................................. 7B-2
Section 7B.03  Position of Signs.......................................................... 7B-2
Section 7B.04  Height of Signs ......................................................................... 7B-2
Section 7B.05  Installation of Signs................................................................. 7B-2
Section 7B.06  Lettering .................................................................................. 7B-2
Section 7B.07  Sign Color for School Warning Signs ....................................... 7B-2
Section 7B.08  School Sign (S1-1) and Plaques ............................................. 7B-3
Section 7B.09  School Zone Sign (S1-1) and Plaques (S4-3P, S4-7P) and END SCHOOL ZONE
Sign (S5-2)........................................................................................................ 7B-3
Section 7B.10  Higher Fines Zone Signs (R2-10, R2-11) and Plaques .......... 7B-3
Section 7B.11  School Advance Crossing Assembly ........................................ 7B-5
Section 7B.12  School Crossing Assembly ...................................................... 7B-5
Section 7B.13  School Bus Stop Ahead Sign (S3-1) ........................................ 7B-11
Section 7B.14  SCHOOL BUS TURN AHEAD Sign (S3-2) ................................ 7B-11
Section 7B.15  School Speed Limit Assembly (S4-1P, S4-2P, S4-3P, S4-4P, S4-6P, S5-1) and
END SCHOOL SPEED LIMIT Sign (S5-3)..................................................... 7B-11
Section 7B.16  Reduced School Speed Limit Ahead Sign (S4-5, S4-5a) ......... 7B-13
Section 7B.17  Parking and Stopping Signs (R7 and R8 Series) ...................... 7B-13
Section 7B.18  Flashing Beacons at School Crossings (DE Revision).............. 7B-13

CHAPTER 7C.  MARKINGS

Section 7C.01  Functions and Limitations ...................................................... 7C-1
Section 7C.02  Crosswalk Markings ................................................................. 7C-1
Section 7C.03  Pavement Word, Symbol, and Arrow Markings ...................... 7C-1
Section 7C.04  Stop Lines (DE Revision) .......................................................... 7C-2

CHAPTER 7D.  CROSSING SUPERVISION

Section 7D.01  Types of Crossing Supervision .............................................. 7D-1
Section 7D.02  Adult Crossing Guards.............................................................. 7D-1
Section 7D.03  Qualifications of Adult Crossing Guards .................................. 7D-1
Section 7D.04  Uniform of Adult Crossing Guards .......................................... 7D-1

Section 9B.20. Bicycle Guide Signs (D1-1b, D1-1c, D1-2b, D1-2c, D1-3b, D1-3c, D11-1, D11-1c) .... 9B-11
Section 9B.21. Bicycle Route Signs (M1-8, M1-8a, M1-9) ................................................................. 9B-15
Section 9B.22. Bicycle Route Sign Auxiliary Plaques ........................................................................ 9B-17
Section 9B.23. Bicycle Parking Area Sign (D4-3) .............................................................................. 9B-18
INTRODUCTION

Standard:

01 Traffic control devices shall be defined as all signs, signals, markings, and other devices used to
regulate, warn, or guide traffic, placed on, over, or adjacent to a street, highway, pedestrian facility,
bikeway, or private road open to public travel (see definition in Section 1A.13) by authority of a public
agency or official having jurisdiction, or, in the case of a private road, by authority of the private owner or
private official having jurisdiction.

02 The Manual on Uniform Traffic Control Devices (MUTCD) is incorporated by reference in 23 Code of
Federal Regulations (CFR), Part 655, Subpart F and shall be recognized as the national standard for all
traffic control devices installed on any street, highway, bikeway, or private road open to public travel (see
definition in Section 1A.13) in accordance with 23 U.S.C. 109(d) and 402(a). The policies and procedures
of the Federal Highway Administration (FHWA) to obtain basic uniformity of traffic control devices shall
be as described in 23 CFR 655, Subpart F.

03 In accordance with 23 CFR 655.603(a), for the purposes of applicability of the MUTCD:

A. Toll roads under the jurisdiction of public agencies or authorities or public-private partnerships
shall be considered to be public highways;
B. Private roads open to public travel shall be as defined in Section 1A.13; and
C. Parking areas, including the driving aisles within those parking areas, that are either publicly or
privately owned shall not be considered to be “open to public travel” for purposes of MUTCD
applicability.

04 Any traffic control device design or application provision contained in this Manual shall be considered
to be in the public domain. Traffic control devices contained in this Manual shall not be protected by a
patent, trademark, or copyright, except for the Interstate Shield and any items owned by FHWA.

Support:

05 Pictographs, as defined in Section 1A.13, are embedded in traffic control devices but the pictographs
themselves are not considered traffic control devices for the purposes of Paragraph 4.

06 The need for uniform standards was recognized long ago. The American Association of State Highway
Officials (AASHO), now known as the American Association of State Highway and Transportation Officials
(AASHTO), published a manual for rural highways in 1927, and the National Conference on Street and Highway
Safety (NCSHS) published a manual for urban streets in 1930. In the early years, the necessity for unification of
the standards applicable to the different classes of road and street systems was obvious. To meet this need, a
joint committee of AASHO and NCSHS developed and published the original edition of this Manual on Uniform
Traffic Control Devices (MUTCD) in 1935. That committee, now called the National Committee on Uniform
Traffic Control Devices (NCUTCD), though changed from time to time in name, organization, and personnel, has
been in continuous existence and has contributed to periodic revisions of this Manual. The FHWA has
administered the MUTCD since the 1971 edition. The FHWA and its predecessor organizations have
participated in the development and publishing of the previous editions. There were nine previous editions of the
MUTCD, and several of those editions were revised one or more times. Table I-1 traces the evolution of the
MUTCD, including the two manuals developed by AASHO and NCSHS.

Standard:

07 The U.S. Secretary of Transportation, under authority granted by the Highway Safety Act of 1966,
decreed that traffic control devices on all streets and highways open to public travel in accordance with 23
U.S.C. 109(d) and 402(a) in each State shall be in substantial conformance with the Standards issued or
endorsed by the FHWA.

Support:

08 The “Uniform Vehicle Code (UVC)” is one of the publications referenced in the MUTCD. The UVC
contains a model set of motor vehicle codes and traffic laws for use throughout the United States.

Guidance:

09 The States should adopt Section 15-116 of the UVC, which states that, “No person shall install or maintain in any area of private property used by the public any sign, signal, marking, or other device intended to regulate, warn, or guide traffic unless it conforms with the State manual and specifications adopted under Section 15-104.”

Support:

10 The Standard, Guidance, Option, and Support material described in this edition of the MUTCD provide the transportation professional with the information needed to make appropriate decisions regarding the use of traffic control devices on streets, highways, bikeways, and private roads open to public travel (see definition in Section 1A.13).

11 Throughout this Manual the headings Standard, Guidance, Option, and Support are used to classify the nature of the text that follows. Figures and tables, including the notes contained therein, supplement the text and might constitute a Standard, Guidance, Option, or Support. The user needs to refer to the appropriate text to classify the nature of the figure, table, or note contained therein.

Standard:

12 When used in this Manual, the text headings of Standard, Guidance, Option, and Support shall be as defined in Paragraph 1 of Section 1A.13.

Support:

13 Throughout this Manual all dimensions and distances are provided in English units. Appendix A2 contains tables for converting each of the English unit numerical values that are used in this Manual to the equivalent Metric (International System of Units) values.

Guidance:

14 If Metric units are to be used in laying out distances or determining sizes of devices, such units should be specified on plan drawings and made known to those responsible for designing, installing, or maintaining traffic control devices.

15 Except when a specific numeral is required or recommended by the text of a Section of this Manual, numerals displayed on the images of devices in the figures that specify quantities such as times, distances, speed limits, and weights should be regarded as examples only. When installing any of these devices, the numerals should be appropriately altered to fit the specific situation.
DE MUTCD  

Support:
16 The following information will be useful when reference is being made to a specific portion of text in this Manual.
17 There are nine Parts in this Manual and each Part is comprised of one or more Chapters. Each Chapter is comprised of one or more Sections. Parts are given a numerical identification, such as Part 2 – Signs. Chapters are identified by the Part number and a letter, such as Chapter 2B – Regulatory Signs, Barricades, and Gates. Sections are identified by the Chapter number and letter followed by a decimal point and a number, such as Section 2B.03 – Size of Regulatory Signs.
18 Each Section is comprised of one or more paragraphs. The paragraphs are indented and are identified by a number. Paragraphs are counted from the beginning of each Section without regard to the intervening text headings (Standard, Guidance, Option, or Support). Some paragraphs have lettered or numbered items. As an example of how to cite this Manual, the phrase “Not less than 40 feet beyond the stop line” that appears in Section 4D.14 of this Manual would be referenced in writing as “Section 4D.14, P1, A.1,” and would be verbally referenced as “Item A.1 of Paragraph 1 of Section 4D.14.”

Standard:
19 In accordance with 23 CFR 655.603(b)(3), States or other Federal agencies that have their own MUTCDs or Supplements shall revise these MUTCDs or Supplements to be in substantial conformance with changes to the National MUTCD within 2 years of the effective date of the Final Rule for the changes. Substantial conformance of such State or other Federal agency MUTCDs or Supplements shall be as defined in 23 CFR 655.603(b)(1).
20 After the effective date of a new edition of the MUTCD or a revision thereto, or after the adoption thereof by the State, whichever occurs later, new or reconstructed devices installed shall be in compliance with the new edition or revision.
21 In cases involving Federal-aid projects for new highway or bikeway construction or reconstruction, the traffic control devices installed (temporary or permanent) shall be in conformance with the most recent edition of the National MUTCD before that highway is opened or re-opened to the public for unrestricted travel [23 CFR 655.603(d)(2) and (d)(3)].
22 Unless a particular device is no longer serviceable, non-compliant devices on existing highways and bikeways shall be brought into compliance with the current edition of the National MUTCD as part of the systematic upgrading of substandard traffic control devices (and installation of new required traffic control devices) required pursuant to the Highway Safety Program, 23 U.S.C. §402(a). The FHWA has the authority to establish other target compliance dates for implementation of particular changes to the MUTCD [23 CFR 655.603(d)(1)]. These target compliance dates established by the FHWA shall be as shown in Table I-2.
23 Except as provided in Paragraph 24, when a non-compliant traffic control device is being replaced or refurbished because it is damaged, missing, or no longer serviceable for any reason, it shall be replaced with a compliant device.

Option:
24 (DE Revision) A damaged, missing, or otherwise non-serviceable device that is non-compliant may be replaced in kind if engineering judgment indicates that:
   A. One compliant device in the midst of a series of adjacent non-compliant devices would be confusing to road users; and/or
   B. The schedule for replacement of the whole series of non-compliant devices will result in achieving timely compliance with the MUTCD.
   C. The conversion to a compliant device would result in a significant delay in the installation of a safety-critical traffic control device (for instance, due to cost, engineering, environmental approval, etc.).

</tbody>
</table>

* Types of signs other than regulatory or warning are to be added to an agency’s management or assessment method as resources allow.

** MUTCD requirement is a result of a legislative mandate.

Note: All compliance dates that were previously published in Table I-2 of the MUTCD and that do not appear in this revised table have been eliminated.
