Pavement patch
Utility
Survey

- EDGE OF ROAD

CONES- 10' CENTERS

YELLOW LINE(S)
CASE 34

TWO-LANE, TWO-WAY or MULTILANE TRAFFIC SHORT TIME OPERATIONS
DAY TIME ONLY

General Notes

1. All vehicles in a work area shall display flashing lights installed for the purpose of Warning
   approaching drivers of a vehicular traffic hazard requiring unusual care in approaching, overtaking,
   or passing.

2. All signs shall be removed at completion of the days operation.

3. Longitudinal dimensions may be adjusted slightly to fit field conditions.

4. All workers shall wear orange safety jacket.

5. The flagger shall be in sight of each other or in communication at all times.

6. When a side road intersects the highway on which work is being performed, additional traffic
   control devices shall be erected as directed by the traffic engineer.

7. This is the minimum requirements for the conditions set forth. The traffic engineer may require
   additional traffic control devices as deemed necessary.
