- Cone
- Vehicle with Rotating Amber Beacon or Strobe
- Traffic Flow

TYPICAL APPLICATIONS
Access-hole work
Pavement patch
Utility operations

CONES - 10' CENTERS

YELLOW LINE(S)
CASE 35
TWO-LANE, TWO-WAY or MULTILANE TRAFFIC SHORT TIME OPERATIONS
DAY TIME ONLY

General Notes

1. All vehicles in a work area shall display flashing lights installed for the purpose of Warning approaching drivers of a vehicular traffic hazard requiring unusual care in approaching, overtaking, or passing.

2. All signs shall be removed at completion of the days operation.

3. Longitudinal dimensions may be adjusted slightly to fit field conditions.

4. All workers shall wear orange safety jacket.

5. The flagger shall be in sight of each other or in communication at all times.

6. When a side road intersects the highway on which work is being performed, additional traffic control devices shall be erected as directed by the traffic engineer.

7. This is the minimum requirements for the conditions set forth. The traffic engineer may require additional traffic control devices as deemed necessary.
