RELOCATION OF WATER STREET TRANSFER HUB, DOVER

PROJECT SCOPE/DESCRIPTION: In the FY 2005 State Capital Bond Bill (HB 550), the General Assembly found that there is a critical need to expand and improve the judicial facilities in and around the City of Dover. In particular, land along Water Street currently owned and occupied by the department for use as a transit hub is deemed to have a higher public value as a site for a new Court House and support facilities. Accordingly, the department is authorized and directed to undertake a fair market appraisal of said property, including all improvements. This appraisal shall be used as the sole determinant of the value to be paid from the Department of Administrative Services (DAS) to DelDOT for purposes of reimbursing the Transportation Trust Fund for its expenditures. The Secretary of Transportation will then promptly undertake a search for an alternate transit location use the full authorities of DelDOT to acquire and improve that alternative site in order to make the subject property on Water Street available for redevelopment of the judicial branch of government. DelDOT will be reimbursed by DAS for all of its professional and other costs associated with this forced relocation, in the same manner as private entities are entitled to such benefits under the state and federal uniform relocation statutes.

PROJECT JUSTIFICATION: This is needed to improve and relocate the judicial facilities in Kent County.

County:	Kent
Municipality:	Dover
Funding Program:	Support System– Transit Facilities
Functional Category:	Management
Representative District:	31, 32
Senatorial District:	17
