

PUBLIC SURVEY RESULTS

DeIDOT asked Delaware residents and visitors to participate in a public survey to share their opinions about the current transportation services in DE and future transportation challenges. The survey was available online and in-person at several public events including the Delaware State Fair, and several other regional festivals and events throughout the state. DeIDOT received over **1,000 survey responses** from the public.

Survey participants were asked a variety of questions ranging from where they live, commuting habits, level of satisfaction with transportation services and facilities, and their opinions on the most important challenges facing the transportation system in Delaware. This section includes the summary of information gathered from the survey respondents .

WE HEARD YOU!

Over **50%** of respondents say DeIDOT's facilities are in **GOOD TO EXCELLENT** condition.

Respondents were **most satisfied** with **SNOW REMOVAL** and **least satisfied** with **TRAFFIC CONGESTION**.

Over **43%** of respondents **agree** that the transportation network provides users with **MORE THAN ONE VIABLE TRANSPORTATION CHOICE**.
