

DeDOT Still Open for Business

DeDOT Projects

In the Governor's State of Emergency, several businesses were classified as essential including highway and road construction, building construction, utilities, engineering and other professional services. A communication has been sent to all of our contractors, consultants, DBE Firms and vendors letting them know that DeDOT is still open for business. All projects, products and services will continue, but with some modifications regarding person to person interactions. Projects under construction will continue; awarded contracts will continue as scheduled and design work is still underway. In addition, given that we are seeing reduced traffic numbers, we are waiving work hour restrictions on our capital and maintenance projects to allow contractors to work more aggressively.

DeDOT Bid Openings

The Department took steps earlier this month to ensure the safety of our staff and customers by moving towards virtual bid openings. Contractors are still allowed to drop off bid packages, but all interaction with staff will be done telephonically. The Department will continue to advertise and award contracts as planned.

DeDOT Land Development Reviews, Approvals and Permits

Our Development Coordination and Public Works sections are still accepting and processing approvals as they are submitted. With all submittals being electronic via the [PDCA](#) (Planning and Development Coordination Application) or the [Permit Application Website](#), we are currently still able to maintain our published review schedules. To ensure the safety of our staff and customers and to allow projects to move forward without delay, all meetings will be conducted, either by telephone conference call or video-conference call, until further notice.

Division of Motor Vehicles

All four Delaware Division of Motor Vehicles (DMV) locations will go to kiosk, drive-through and emergency appointment only.

Delaware Transit Corporation

Fixed Routes: Running modified Saturday service on for fixed route. Includes adding extra trips on Routes 18, 206, 301 and 303.
