STATE HIGHWAY DEPARTMENT

P. O. BOX 151
DOVER, DELAWARE

December 31, 1961

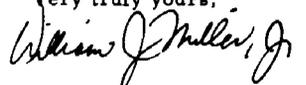

Chairman and Members,
State Highway Department,
Dover, Delaware

Gentlemen:

It gives me great pleasure to present to you this 45th Annual Report of the activities of the Department for Fiscal Year 1961.

This Report contains information relative to the operation of the engineering, construction, maintenance, and special sections of the Department as well as the Mosquito Control Division. Also included in the Report, but in separate sections, are the letters of transmittal and the reports of the Motor Vehicle Division and the State Police Division. It should be noted that the State Police Division report is based on the calendar year for 1960 and not the fiscal year as are all the other reports.

However, the Controller's (formerly called the Secretary) report is compiled, bound, and issued separately from this volume. It gives detailed and itemized accounts of all the fiscal phases of the Department's activities of the past year. Those wishing to consult any aspect of the Department's financial statement should request a copy of the Controller's Report from his office.

Very truly yours,

William J. Miller, Jr.
Director of Operations
