**Key:**

**USGS Quad:**

NE - Newark East                      NW - Newark West                      ELK - Elkton  
ST.G - St. Georges                      MT - Middletown

**Site Age:**

U - Unknown                      PI - Paleo-Indian                      A - Archaic  
WI - Woodland I                      WII - Woodland II                      H - Historic

**Note:** Sites with both prehistoric and historic components appear in both Appendix I and II. The Potential and Significance of the components are evaluated seperately.

**Site Function:**

Base - Base camp                      Proc - Procurement  
Q red - Quarry reduction                      Lith P - Lithic procurement

**Potential and Significance:**

N - None                      U - Unknown                      L - Low                      M - Medium                      H - High

**Reference:**
