## Environmental Reevaluation Form

**Project Title:**

**State Contract No.:**

**Federal Aid No.:**

**NEPA Decision:**

**Approval Date:**

**County:**

**Date of Last Reevaluation:**

DelDOT is conducting a reevaluation of the CE because one or more of the following circumstances has occurred:

There are changes in the proposed action that are relevant to environmental concerns or;

There are significant new circumstances or information relevant to environmental concerns that have a bearing on the proposed action or its impacts or;

The project has not commenced within three years from the project's original CE determination or last reevaluation.

### **I. Changes to the Proposed Action**

**YES NO**

Have changes occurred in the project scope since approval of the original environmental document or subsequent environmental reevaluation?

Description of Project Changes:

Additional Comments Attached

### **II. Right-of-Way**

**YES NO**

Have right-of-way needs changed?

Are there any new relocations?

Comments:

Additional Comments Attached

## Environmental Reevaluation Form

### III. Social Environment

YES NO

#### Title VI / EJ Communities

Are there any changes to the effects on minority or low-income communities?

#### Economic Impacts

Are there any changes to economic impacts, such as accessibility, impacts to businesses, etc?

#### Community

Are there any changes to the impacts on the community such as school districts, recreation areas, churches, etc?

YES NO

Has a new 4(f) or 6(f) property been identified?

Have project changes resulted in a new "use" of a 4(f) property?

Is the use of a 6(f) property a conversion of use per Section 6(f) of the LWCFA?

Comments:

Additional Comments Attached

## Environmental Reevaluation Form

### VIII. Permits

YES NO

Are there any change in the status of the following permits and authorizations?

USACE 404/408

US Coast Guard

DNREC

Floodplain Permit

Other:

Comments:

Additional Comments Attached

### IX. Public Outreach

YES NO

Has additional public outreach occurred since the approved environmental document and/or previous evaluation?

Is there any public controversy?

Comments:

Additional Comments Attached

### Conclusion

Based on the analysis contained in this reevaluation, it has been determined that the change in project design and/or environmental effects would not significantly alter the conclusions reached in the approved environmental document and/or previous evaluation(s).

There have been no changes in the design/ROW of this project nor have there been changes in project effects or the affected environment. Therefore, the conclusions reached in the approved environmental document and/or previous reevaluation(s) remain valid.
