

BLUE BALL DAIRY BARN

Renovations Began Spring 2004

The renovations for the adaptive re-use of the Blue Ball Dairy Barn began Spring 2004, and will be completed by Spring of 2006.

This environmentally friendly building will:

- Provide an historical resource
- Provide new community meeting facilities for residents
- House Delaware's Folk Art Collection and displays about dairy farming

Amenities planned for the barn's exterior include:

- Walled Courtyard
- Information Kiosk
- Wide Walkways
- Lighting
- Attractive Landscaping
