

## East Side Improvements

 (Construction Began October 2005)

Improvements include:

- East Park Drive from the new reservoir driveway to Weldin Road intersection and the roundabout
- Weldin Road from East of Matson Run to West of the Roundabout
- Stormwater management facilities and flood control improvements along Matson Run
- Greenway and bike/pedestrian paths
- Carruthers Lane to the connection with East Park Drive
- Four structures, including two golf cart underpasses, one greenway and golf cart bridge on East Park Drive, and a drainage structure on Weldin Road at the Matson Run crossing
- Construction of portions of East Park recreation area
