

MUNCHY BRANCH ROAD & WOLFE NECK ROAD

Proposed Improvements

- Construct a 10' wide hot-mix shared use path along eastbound and northbound Munchy Branch Road from SR1 Coastal Highway to Wolfe Neck Road
- Construct a 10' wide hot-mix shared use path along eastbound Wolfe Neck Road from SR1 Coastal Highway to Munchy Branch Road
- Consider a 5' wide grass buffer between shared use path and edge of pavement
- Construct 5' wide sidewalk from SR1 Coastal Highway to Parsonage Road
- Widen existing roadway to include 11' travel lanes; currently the roadway is comprised of 10' travel lanes
- Relocate/adjust existing utilities (i.e. poles, pedestals, water valves, manholes, etc.) as necessary
- Relocate drainage swales behind the shared use path and install new cross road storm drain pipes at existing locations
- Install ADA compliant curb ramps and crosswalks
