

TABLE OF CONTENTS

I.	PROJECT LOCATION AND EXISTING CONDITIONS.....	1
A.	Study Area.....	1
B.	Background	1
1.	Project History	1
2.	Navigation on the Christina River	3
C.	Existing and Proposed Development.....	3
1.	Existing Development	3
2.	Proposed Development	3
D.	Existing Roadway Network	5
E.	Existing Transit Network	7
F.	Pedestrian and Bicycle Facilities	7
II.	PROJECT PURPOSE AND NEED	8
A.	Project Purpose.....	8
B.	Project Need	8
1.	Support Planned Economic Development.....	8
2.	Livability and Sustainable Communities	9
3.	System Linkage	9
4.	Community Mobility/Multi-Modal Access	9
5.	Congestion Relief	10
6.	Congressional Earmark	11
III.	ALTERNATIVES.....	12
A.	No-Build Alternative.....	12
B.	Build Alternatives	12
1.	Transportation Systems Management	12
2.	Bridge Elements Considered.....	12
3.	Horizontal Alignment Alternatives Considered	16
C.	Description of the Build Alternatives.....	18
1.	Purple Alternative.....	18
2.	Green Alternative	19
3.	Orange Alternatives.....	20
D.	Comparison of Alternatives	23
E.	Preferred Alternative	23
F.	Construction Impacts.....	24
IV.	ENVIRONMENTAL RESOURCES, IMPACTS AND MITIGATION	27
A.	Socioeconomic Resources.....	27
1.	Demographics	27
2.	Neighborhoods and Community Facilities	29
3.	Minority and Low-Income Populations	33
4.	Economic Activity.....	38
B.	Physical Resources	40
1.	Land Use and Zoning.....	40
2.	Hazardous Materials and Solid Waste.....	40
3.	Noise	46
4.	Air Quality	46

C.	Cultural Resources	47
1.	Historic Structures	47
2.	Archaeological Resources	47
D.	Natural Resources	49
1.	Wetlands and Waters of the US	49
2.	Ground Water	52
3.	Floodplains.....	53
4.	Wildlife and Habitat.....	53
5.	Sea Level Rise.....	54
V.	Agency Coordination and Public Involvement.....	56
A.	Agency Coordination.....	56
B.	Public Involvement	56
1.	Technical & Steering Committee Meeting and Open House, May 16, 2011	56
2.	Community Meetings – Southbridge and Browntown, May 2011.....	57
3.	Summary of Comments Received	57
4.	Other Public Involvement Efforts	57
VI.	References	58

List of Figures:

Figure 1.	Study Area	2
Figure 2.	Existing and Proposed Development Along the Christina Riverfront.....	4
Figure 3:	Existing Roadway Network	6
Figure 4:	Docks and Bridges.....	14
Figure 5.	Proposed Bridge Typical Section Facing East.....	16
Figure 6.	Preliminary Alignments.....	17
Figure 7.	Proposed Approach Roadway Typical Section on the East Side of the River	18
Figure 8.	Preferred Alternative	26
Figure 9.	US Census Block Groups	28
Figure 10.	Community Facilities.....	30
Figure 11:	Proposed Riverwalk and SWM Facility	34
Figure 12.	High Minority and Low Income Areas.....	36
Figure 13.	Land Use.....	41
Figure 14.	Zoning.....	42
Figure 15.	Hazardous Materials Focus Area Map	43
Figure 16:	Known Historic Structures within the APE.....	48
Figure 17.	USACE Wetlands and Waters of the US.....	50
Figure 18:	DNREC Tidal Wetlands and Subaqueous Lands	51

List of Tables:

Table 1:	Existing and Projected Peak Hour Link Volumes.....	10
Table 2:	Intersection Existing and Projected Levels of Service.....	10
Table 3:	Bridges over the Christina River- South to North	13
Table 4:	Preliminary Alternatives Matrix	25
Table 5:	Summary of Environmental Resource Impacts.....	27
Table 6:	Population in the Demographic Study Area in 2010.....	29

Table 7: Median Income and Percentage in Poverty in 1999	35
Table 8: Race and Ethnicity by US Census Block Group in 2010.....	37
Table 9: Employment in 2000 (percent)	39

List of Appendices:

- A. Navigation on the Christina River Technical Memorandum
- B. DNREC Letter Approving SSA Report
- C. Air Quality Technical Report
- D. Historic Structures Documentation and Coordination
- E. Rare Threatened and Endangered Species Agency Coordination Letters
- F. Summary of Technical & Steering Committee Meeting and Open House
