Dear Mr. Raza:

I understand that Federal Law (Title 23, U.S.C. 402c), Highway Safety Programs, requires the Governor of each State or their designee to provide the Federal Highway Administration with an annual certification of the total number of miles of public roads in the State. This information is used in a statutory formula for the apportionment of Federal Highway safety funds. I have discussed the issue with Carolann Wicks, Secretary of the Department of Transportation and hereby designate the Director of Planning of the Department of Transportation to serve in this capacity.

Sincerely,

Jack A. Markell
Governor
