Mr.	Ken	Farrall	DNREC – Parks Supervisor
Mr.	David	Geiszler	DelDOT
Mr.	Jason	Lang	DelDOT
Mr.	Britt	Murray	DNREC – Parks

WELCOME: Andrew Bing started the sixteenth meeting of the Construction Advisory Group (CAG) at 10:00 AM by welcoming the attendees. Andrew stated that the meeting today would consist primarily of a site tour and therefore there was no formal agenda.

Andrew and Jay Erwin conducted a safety briefing prior to the site tour and instructed all attendees that certain clothing and shoes (no sandals or open toed shoes) were required to participate in the site tour.

SITE TOUR: Jay Erwin conducted the site tour. The tour consisted of viewing the traditional bridge section and the falsework from ground level and then climbing the pylon tower stairs and viewing the traveler, the pylon towers, and the stay cable erection from the bridge deck. Although numerous questions were asked during the tour, no formal minutes were captured.

MEETING SCHEDULING/WRAP UP: Andrew thanked everyone for participating in the site tour and informed the group that the next Construction Advisory Group meeting would take place on Monday, August 30 at 10:00 a.m. at the DelDOT conference room.
