

Welcome!

On behalf of the Delaware Department of Transportation (DelDOT), we welcome you to this Public Workshop for the Millsboro-South Area of the US 113 North/ South Study.

Since the release of the Draft Environmental Impact Statement (DEIS) and Public Hearings in September of 2013, DelDOT has met with the area legislators and representatives as well as various state and federal regulatory agencies to discuss the path forward for the Millsboro-South Area. As a result, the Blue Alternative is no longer being considered. We invite your comments and input on the new alternative that is now under consideration in the project area.

Thank you for sharing your valuable time and insights.
