

Plan to attend the US 301 Workshop

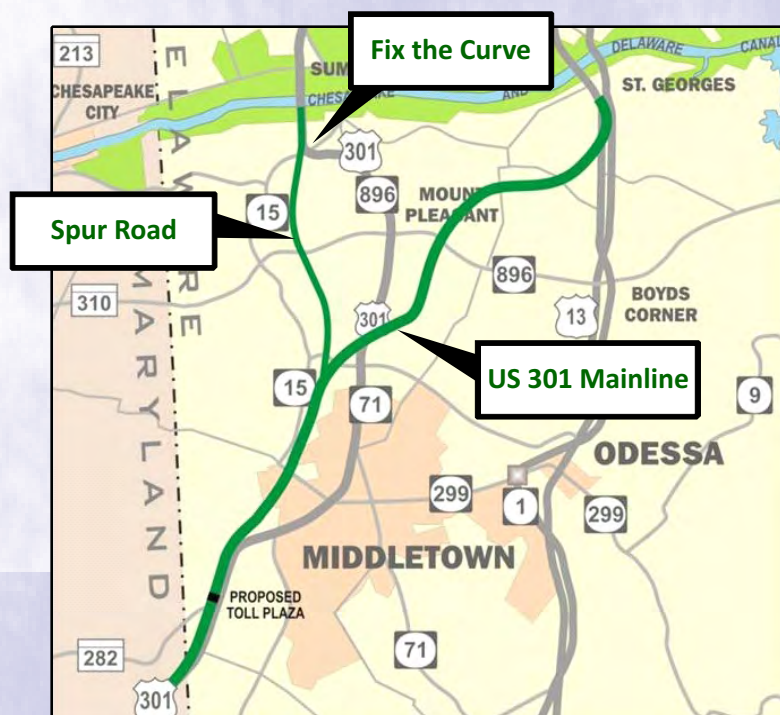

August 31st - 3:00-8:00 PM

Come Review & Comment on

- ◆ Current Project Plans
- ◆ Additional Design Refinements
- ◆ Real Estate Acquisition Process
- ◆ Path Forward / Next Steps

The purpose of the workshop is to update the public on overall project activities since the March 2009 workshop, including presentation of items such as:

- Detailed design plans (US 301 mainline-semi-final plans / Spur Road-preliminary plans)
- Update of environmental impacts and environmental / community mitigation information
- A number of additional design refinements, including:
 - The need to close Hyetts Corner Road during construction
 - Consolidation of US 13 / Port Penn Road / Toll Free Ramp Intersection
 - The intersection of Summit Bridge Road and Armstrong Corner Road to accommodate the interchange with the new US 301
 - Churchtown Road Overpass of Spur Road / Access to Tidewater Utility / Maintenance of Traffic during construction
- Emergency Access Needs
- Real Estate Acquisition Process
- Traffic and Funding Concept
- Path Forward / Next Steps

Any person having special needs or requiring special aid, such as an interpreter, is requested to contact DeIDOT by phone or mail a week in advance.

Si necesitas algún asistencia especial, o un traductor, por favor llame a DeIDOT con una semana por adelantado.
